Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the change of life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital." — Mrs. E. SHELDON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

**Hard Work.**  
David Belasco was talking about Ibsen, whose later plays are greatly admired.  
"Ibsen," said Mr. Belasco, "wrote plays in the intervals of stage managing from the age of twenty on. It was only with 'Ghosts' at the age of sixty that he won world-wide fame."  
"A lady said to Ibsen, on the production of 'Ghosts':  
"What a genius you are!"  
"Ibsen turned to his wife:  
"I've worked fifteen hours a day for forty years," he said, and now they call me a genius."

## Feel Achy All Over?

To ache all over in damp weather, or after taking a cold, isn't natural, and often indicates kidney weakness. Uric acid causes many queer aches, pains and disorders of the organs. Well kidneys keep uric acid down. Tired, dizzy, nervous people would do well to try Doan's Kidney Pills. They stimulate the kidneys to activity and so help clear the blood of irritating poisons.

### An Arkansas Case

Mrs. W. F. Roy, 121 N. Third St., Fort Smith, Ark., says: "I had kidney disease for years, but nothing I took did the least good. The pain in my back was terrible and for hours I couldn't get around. The kidney operations passed too freely and were filled with sediment. Three boxes of Doan's Kidney Pills cured me and I haven't had the slightest sign of kidney complaint since."

# In Woman's Realm

That the One-Piece Frock Has Attracted Popularity Is Evident—Has Been Well Named the "Dressmakers' Dress" — With Proper Accessories It Is Appropriate for Any Occasion — Bags of Every Form and Material Are in Order.

The one-piece frock gains steadily in importance and threatens to displace the formal tailored suit in fashionable wardrobes. This is the day of the dressmakers' dress, and every establishment of authority is designing models for morning as well as afternoon wear. Perhaps all the tailors who devoted time to women's suits in Paris are on the fighting line, and the mak-

ing of clothes falls to the lot of women, and therefore the dressmakers' dress has become the vogue. In climates that permit, it is worn with fur neckpiece and muff for the street. Where the weather is colder a separate coat, long and warm, covers the one-piece frock. An afternoon gown of exceptional beauty and elegance is shown here. It is a combination of chiffon velvet, georgette crepe, and satin. The skirt has an overdrape and is set on to a deep plated yoke of the crepe. A hand-embroidered pattern in leaves is applied to the velvet and crepe where they are joined. The bodice and sleeves of crepe are posed over a sleeveless

under-bodice of satin. The fullness in the sleeves is gathered into a band of velvet about the wrist, to which embroidery is applied. This forms a soft frill about the hands. The embroidery appears again across the crepe bodice, and it is the touch of distinction which places this gown in the front rank of things fashionable. It is done with heavy silk thread in long stitches, and is like the gown in color.

A frock of this kind, worn with a fur neckpiece and smart velvet hat, is equal to the requirements of any afternoon function. It may be made of blue velvet and worn over a gray underskirt. In the costume pictured the shoes are black with gray tops. There are bags for everything, but principally there is the fancy bag of silk or velvet for shopping. Besides these kinds, the shower bags of beadwork and those crocheted of heavy silk thread and decorated with beads are elegant luxuries for those who have time and money to put into the making of them. Shopping bags are of moderate size

Colored Vests With Suits. The long undervest of a bright contrasting color and material to the tall ored suit is seen in the new winter models from several of the Paris houses. This vest shows when the coat is opened. When the coat is closed the suit looks like a morning or afternoon simple tailored suit. When it is opened one glimpses the bright color of the satin, which is often adorned with embroidery. These vests are copied after Louis XV and Louis XVI models generally.

## GAVE HIS WIFE A SURPRISE

Indiana Man, Dressed for Festive Occasion, Was Taken by Spouse for Bold Burglar.

A member of the degree team of the Columbus lodge of Eagles was getting himself ready to go to Greensburg, where the Columbus team was to give the work to a class of candidates, relates the Indianapolis News. Each member of the Columbus team was to wear a dress suit. This member did not have any evening clothes, so he borrowed an outfit, including a boled shirt, high collar and white tie. He got home rather late and found his wife in bed, asleep. He wished to try the thing on to see just how he looked. So, after dint of much nervous expenditure, he had everything in shape and rather admired himself in the mirror. He felt it was a shame for his wife to miss the great sight, so he went into the bedroom, shook her gently and waited for her to awaken. The woman opened her eyes and looked into the face of a strange man attired in fashionable evening clothes. She gave one scream and ducked under the cover.

"Go away, go away," she begged the supposed gentleman burglar, "I haven't any money."

"Nobody knows that any better than I do," her husband retorted, "but that's no reason why you should carry on like this."

Then she recognized his voice, came from under the covers and admired him to his heart's content.

## Drinking of Water MOTHERS, ATTENTION!

(BY V. M. PIERCE, M. D.)

The general conclusions of the latest Medical Scientists prove that drinking plenty of pure water both between meals and with one's meals is beneficial to health. It has now been proven by means of the X-rays and actual tests upon many healthy young men that the drinking of large amounts of water with meals is often beneficial. Therefore if you want to keep healthy drink plenty of pure water (not tea water), both with your meals and between meals. If you ever suffer from backache, lumbago, rheumatism, or any of the symptoms of kidney trouble—such as deep colored urine, sediment in urine, getting out of bed at night frequently and other troublesome effects, take a little Anurie before meals. These Anurie Tablets can be obtained at almost any drug store.

Little Rock, Ark.—"I formerly lived in Rector, Arkansas. I used Dr. Pierce's Favorite Prescription during my expectancy, and the use of two bottles did me much good. I was made stronger and more comfortable, and was very well satisfied with the effects I got."—MRS. TOM LINDSEY, West Markham St.

**"Kidded" the Inspectors.**  
The other day two sanitary inspectors were making a round of the cottages in a certain English village. During their visit they came to one where lived three adults. On being admitted, after waiting about ten minutes, one of the inspectors said, angrily:  
"How many persons are there in this house?"  
"There are five," answered the man of the house.  
"Five!" exclaimed the inspector. "there'll have to be two less in it."  
"So there will when you two get out," was the sarcastic reply.

# One mistake many women make in buying coffee

You know how hard it is to get a coffee which really satisfies you. You know how seldom you can find a coffee which has the same fine taste and strength every morning! It can be done. You can do it if, when you buy coffee, you are careful not to make the mistakes so many women make. Read the experiences below—you yourself have undoubtedly had one or both of them.

## Beware of loose coffee

Are you buying coffee which you get loose, coffee which hasn't been protected by a sealed package?  
Are you afraid that it isn't clear? Has it lost its aroma? Are you often disappointed in its strength?  
It isn't the grocer's fault. With loose coffee he can't be sure that it is the same kind he got before. You always run the risk of getting different coffee every time you buy.  
And even if the coffee itself were the same, it can't be kept "loose" without losing its strength and flavor.

## In packages—protected!

You can do away with every one of these disappointments by ordering the coffee which over one million other families drink. Arbuckles' Coffee is such good coffee that way back in the sixties, when all other coffees on the market were loose and unprotected, Arbuckle Bros. protected theirs in sealed packages. This sealed package keeps the coffee's strength, and guards it from moisture and store odors. Most important of all, it makes it easy for you to be sure that you are getting the same good coffee every time you buy.

## The second mistake women make

Old coffee with new names

Are you continually being offered the same old coffee under new names? Under all sorts of new blends?  
Did you ever stop to think of the hundreds of coffees which come and go on the market? And that all of these have tried to turn women away from Arbuckles' Coffee?  
Arbuckles' is the coffee which has gone right out, always under its own name, never disguised, and held its users simply on the wonderful value it gave. You know what good value a coffee must be to do this against the competition of all the other coffees in America!

## Used in a million homes

Settle, for all time, your coffee problem, by giving your family the only coffee which over a million families have proved to have the real coffee taste they want.  
When you get Arbuckles' Coffee you get an entirely different coffee. No other coffee goes through the same process—in no other coffee can you get the same good flavor. The result of the care Arbuckle Brothers take in selecting it, in roasting and in packaging it, gives you an entirely different coffee from any other on the market.  
Order it from your grocer today. He has it, in either the Whole Bean or the new Ground. Try it. See why it is by far the most popular coffee in America. Arbuckle Brothers, 71-LR 2 Water St., New York.
