Local and Parish News.

Cotton seed \$20 at Purdy's. The country needed rain and got it.

Newspapers should be paid—sometimes. Dr. W. E. Long was in the burg on Wednesday.

Love work is progressing finely in the parish. Several loads of cotton seed from the Hills this week.

Go to Fisher's and get a spinner before they are all gone. Mr. Vail Montgomery took sick while in the Bend last week.

Mr. and Mrs. Vought were up on Sunday from the second ward. The Fifth District Levee Board have a notice in another column.

Mr. J. S. Guenard took down three prisoners to the State penitentiary. Don't forget to pay our collector when he calls on you next week.

Mrs. W. N. White went southward Wednesday on the Chattahoochee. Robbins are plentiful. The small boy will be on the hunt from now on.

Col. Jno. A. Buckner, from the second ward, was in town on Wednesday. Mr. Buchanan of Floyd, brought in about fifty bales of cotton on Friday last.

If the fine weather continues much longer, cotton picking will soon be over. Mr. John R. Lee left on the Leathers for the Charity Hospital in New Orleans.

Mr. Joe Wyly, from the Monticello neighborhood, was on our streets Tuesday. Mr. Walter Newman passed through town Friday morning last on his way to the Hills.

Cotton seed has been brought in from the Bend this week and sold at our landings. Mrs. O. C. Woseman and Miss Marr Dorruch spent a few days this week with Mrs. C. N. Hall.

Mr. W. S. Brown, we are pleased to learn, has recovered from her recent spell of sickness. The Judge and District Attorney are determined that no hoodlumism shall prevail in East Carroll.

Miss Mamie Lanier left on the Leathers Tuesday night for Vicksburg to visit the Misses Root. The Leathers passed down Tuesday night with 1066 bales of cotton, receiving 123 at Purdy's Landing.

Mr. and Mrs. J. S. Guenard's infant son was baptised by Rev. Mr. Guerin in the Episcopal Church on Sunday. Our friend Mr. S. B. Kennedy is one of Uncle Sam's sugar weighers, and is stationed at Bell Place, P. O. Iberia parish.

Mr. S. H. Moberly was in town Wednesday. He looks the picture of good health after a three weeks trip to the World's Fair. The public school is progressing nicely under the supervision of the efficient principal. Ninety-five scholars is the attendance.

Mr. C. A. Voelker was in from the Bend Wednesday. With good weather he will be through picking cotton in about three weeks. The large levee outfit of Davis & Wood moved up from Branawick, Miss., to Longwood on the Chattahoochee Tuesday morning.

We learn that Manning & Gibson have a large force at work on the Salem levee, and will have it completed before contract time. Mr. and Mrs. J. S. Guenard left Tuesday night on the Leathers for New Orleans, where they will spend a few weeks visiting Mr. Guenard's parents.

Miss Mary Beard, daughter of our popular townsman Mr. Jas. Beard, left Thursday for Monroe. The charming young lady goes to enter the Monroe Academy, and the B-D. with the rest of her friends, wish her a pleasant time. We refund money in every instance when Plantation Chill & Fever Cure fails. Sold by J. S. Guenard drug store.

We publish this week a poem clipped from the Confederate War Journal, published at Lexington Ky. It is very pretty, and we know it will appeal to the hearts of all Southerners, and those who fought for the Lost Cause. Ah Sam Lee's store is on Lake street, next door to Harrang's Tonsorial establishment. Lee Appo, the reliable and trustworthy Celestial, is his daily authorized agent. They keep fancy groceries, peans and hazle nuts, fruit of all kinds, fresh bread and cakes from their own bakery, cabbage, potatoes and vegetables of all kinds—prices cheap, cheee.

We had the pleasure of meeting Hon. Taylor Jackson of West Carroll on Wednesday. He is over from our sister parish on a little business and remained until yesterday, when he returned. He reports good crops, plenty of money and the people prospering. We wish we could say the same thing for East Carroll. Two colored men, Ed. Simmons and Frank Harris, who live on the Bagdad place and worked for Mr. Irvin Davis, got into a difficulty on Friday night last coming from church meeting. Ed. shot Frank through the nose, and then skipped for parts unknown. The wound is slight. Simmons is an overbearing negro and had been imposing on Harris for several weeks. We would not urge an article without merit. We urge and guarantee Plantation Chill Cure. Sold by J. S. Guenard drug store.

President Ogden, Secretary Shields and Mr. Heiserodt of the Fifth District Levee Board and State engineer H. B. Thompson were in town Wednesday. They passed up Tuesday on the steamer Leathers, going as far as Ashton, and then came back down the river by team. These gentlemen are making a thorough inspection of the entire levees in the parish. Plantation Chill Cure is guaranteed. If it don't cure you get your money back. Ask your merchant about it. Price 50cts. Sold by J. S. Guenard.

Mr. W. H. Schneider received a telegram on Monday from the President of the State University at Baton Rouge informing him that his son Fred, was quite sick with fever. He received another dispatch on Wednesday evening saying that his son was worse, but wanted his sister to be with him, and Miss Maggie left on the Chattahoochee for Baton Rouge. We hope our young friend is not seriously sick. Next week we will send out W. H. Hunter on a collecting tour, and we hope our friends will pay him as we are very much in need of money. We know times are hard and money scarce, but we cannot run a paper on wind. There are several subscribers who owe us for three years subscription that should try and pay us. We have sent them the paper regular, and we hope they will pay our collector when he calls on them. In another column we publish an article from the Baton Rouge Truth, "what whisky has done for a young man now in the penitentiary," whose bright and promising career was checked and his life ruined by the demon alcohol. The story is timely, and we recommend it to the young men who touch the wine-cup, with the delusion that the possession of a strong will power will be proof against the seduction of strong drink. You can buy a small sugar plantation containing about 100 acres best bayou and 260 upland, at the same or less than large tracts command. The owner is anxious, for personal reasons, to dispose of it before January. There is another year's lease on it, which could probably be annulled at small outlay. At any rate the figure at which it is to be had makes it a bargain under any circumstances. Every acre now under cultivation in cane and cotton (the low land). The timber is pine, oak chinquapin, walnut, cypress &c., &c. Various buildings sufficient to work the land. L. J. flakenyous, atty-at-law, Alexandria, La., or Dr. C. P. Whitehead, Lamourie Bridge, La.

We know times are hard and money scarce, but we cannot run a paper on wind. There are several subscribers who owe us for three years subscription that should try and pay us. We have sent them the paper regular, and we hope they will pay our collector when he calls on them. In another column we publish an article from the Baton Rouge Truth, "what whisky has done for a young man now in the penitentiary," whose bright and promising career was checked and his life ruined by the demon alcohol. The story is timely, and we recommend it to the young men who touch the wine-cup, with the delusion that the possession of a strong will power will be proof against the seduction of strong drink. You can buy a small sugar plantation containing about 100 acres best bayou and 260 upland, at the same or less than large tracts command. The owner is anxious, for personal reasons, to dispose of it before January. There is another year's lease on it, which could probably be annulled at small outlay. At any rate the figure at which it is to be had makes it a bargain under any circumstances. Every acre now under cultivation in cane and cotton (the low land). The timber is pine, oak chinquapin, walnut, cypress &c., &c. Various buildings sufficient to work the land. L. J. flakenyous, atty-at-law, Alexandria, La., or Dr. C. P. Whitehead, Lamourie Bridge, La.

Mr. W. H. Schneider received a telegram on Monday from the President of the State University at Baton Rouge informing him that his son Fred, was quite sick with fever. He received another dispatch on Wednesday evening saying that his son was worse, but wanted his sister to be with him, and Miss Maggie left on the Chattahoochee for Baton Rouge. We hope our young friend is not seriously sick. Next week we will send out W. H. Hunter on a collecting tour, and we hope our friends will pay him as we are very much in need of money. Henry Williams, alias "cow Henry," alias "hog Henry," was arrested on Saturday evening last for killing a cow belonging to Mr. J. C. Pittman. Henry only returned from the penitentiary about six weeks ago, after serving a year for hog stealing. He is one of the worst, and a persons cattle and hogs are not safe when he is about. He is sick and hard to catch, and has been before the courts more than once for killing cattle. From what we have heard he has been "caught dead to rights" this time, and when the court gets through with him it will be "a cool night in August" when he returns "to do the same thing over again." Henry is an all round thief. It is to be hoped that no loophole will be made so that he can escape conviction. This town must get rid of such citizens as he is.

We learn from reliable sources that Mr. Jack Wyly is charging toll for crossing the pontoon bridge lately built across the Macon at the "Corbin ferry." On account of it some twelve or fifteen wagons that were coming to Providence went to Ashton, twenty miles further away, rather than pay for crossing. The merchants of the town subscribed a hundred dollars towards opening up the road that leads to the Macon and Mr. Matheson furnished lumber enough to build a large bridge across Joe's bayou, with the understanding that Mr. Wyly was to fix the crossing at Corbin's ferry and cut out the road. If this is a fact, we do not think it is treating the merchants and Mr. Matheson right, as they expected to be repaid by the trade that would come from West Carroll. As it is now, no one is benefited and the town of Providence might as well have no road. We hope our informant has been misinformed.

Mr. R. C. Green has the sympathy of the entire community in the loss of his estimable wife which sad event occurred Thursday evening. She will be laid to rest in Providence Cemetery this evening. A suitable tribute of respect to be memory will appear next week. Mrs. O. J. Byerlie arrived Sunday from Franklin, La., where Mr. Byerlie has located. We are glad to learn he is doing well in his new home. Mrs. Byerlie is the guest of Mrs. V. M. Purdy while visiting her old home.

LA GRIPPE. During the prevalence of the Grippe the past season it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of La Grippe, but in all Diseases of Throat, Chest and Lungs, and
