W. D. BELL, Surgeon and Practising Physician, (Obstetrics a specialty).

A little printer's ink will pay. Competition is the life of the trade.

The more one thinks, the less he speaks. Our merchants are preparing for a large fall trade.

Goods of all kinds are at bottom prices in town. Start a business league in this town, we need it badly.

Fire in the brick kiln was started last Tuesday night. Get up another baseball, and bring the people to town.

Gambling is the son of avarice, and the father of despair. The only way to dispose of your goods is to advertise.

Services at the Catholic and Methodist churches to-morrow. Mr. Orlando Hamilton is behind the counter at Fisher's large store.

Walker's town gin turned out eight bales of cotton Thursday. Our new mail system will go into effect on the 17th of September.

The cutting out of the Lane's Ferry road was started on Monday last. Messrs. Hamley & Ransdell are still hauling lumber from their saw mill.

Competition in ginning will be lively this fall; the planter will profit by it. The merchants can rely on the Banner-Democrat watching carefully the interests of the town.

The Lane's Ferry road will bring us good many hill people; and all may be sure to receive a cordial welcome in our town.

The Confederate Veterans are requested to meet in the town of Providence on Wednesday, the 13th, inst. Important business is to be transacted.

Captain T. P. Leathers says that by January 1st we will have the highest water ever known. With due respect to Mr. Leathers, we don't believe a word of it.

Alexandria Democrat: Master Jno. Montgomery, of Lake Providence, will attend the St. Francis Xavier's Commercial College during the coming season.

As a starter for W. N. White's immense stock of fall goods, he received forty-eight cases of shoes Monday. He is going to make the fur fly this fall with low prices.

Miss Maggie Schneider returned from Marshall, Texas, last Sunday morning, after spending several months very pleasantly in the Lone Star State. Welcome home!

Numerous and diverse avian birds have been seen to fight in the rear premises of one of the Levee street stores this week. "Something rotten in Denmark," Clay officials.

Mrs. S. T. Jackson, of West Carroll, and Miss Jessie Harrel, of Mississippi, after spending a week very pleasantly with Mr. and Mrs. J. E. Millikin at Arlington, have returned to West Carroll.

White, the mammoth merchant, came back from New Orleans on Tuesday morning, he brought back with him a boat load of fine goods bought in New Orleans and the Eastern markets.

Mr. John R. Keller returned from the sea shore last Saturday morning, after spending the summer very pleasantly with his mother and relatives at the same place. He looks greatly improved.

The wet spell of weather this part of the country is getting, is damaging the crops very much. Reports from different portions of the parish estimate the damage to the crop at fully 20 per cent.

RIVER GAUGE. Lake Providence, La., September 6, 1894. Table with columns for date, time, and water level.

CLARK N. HALL, Ass't. J. & P. Coats' Spool Cotton at 45 less 6 per cent. This price is to merchants only.

Mr. John A. Shanderson, one of our Carroll citizens, spent a few days with Mr. J. S. Millikin at Arlington, last week.

Now that the road to West Carroll is an assured fact, the merchants should fence in a vacant lot, at a convenient distance from the business streets, where the people bringing in cotton could put their wagons and stock.

Miss Nannie Davis left for Chattanooga last Tuesday night, where she goes to visit her sister, Mrs. Katie Ransdell, and where she expects to be for several months or more.

A reputable merchant cannot afford to urge and guarantee a worthless article. Plantation Chill Cure is sold and guaranteed by J. S. Guenard drug store.

Mr. W. N. White returned from Asheville, N. C., last Tuesday morning, looking the picture of health. He spent a few days in New Orleans before returning, buying fall goods.

Woman, why lose your freshness and beauty through chills, biliousness and general debility? Try Plantation Chill Cure. Sold by J. S. Guenard drug store.

In the competitive drill last Sunday evening for the E. C. G. Medal, Mr. Paul Gardham was the winner, standing up to the last, and turning down six or eight of the best drilled men in the Company on "textualities."

When you feel tired, lazy and generally no account, cleanse your blood with Plantation Sarsaparilla and Iodide Potash, and start your liver with Plantation Pills. Sold by J. S. Guenard drug store.

We will have two boats in the trade this fall between Memphis and Vicksburg. Freight and passage should be cheap. With the two Memphis boats, the two New Orleans packets, Pargoud and Leathers, and the Mulholland line, there ought to be a lively time.

Neighbor Fousse is kept quite busy making breechings for gins; everybody recognizes that he is the best mechanic in his line we ever had in town. As he guarantees his work, it pays to have it done at home, instead of sending it to a man who does not care how long it lasts after he is paid.

We would ask it as a favor to our friends living in the country that whenever anything happens of importance, to please report it to us. Things often happen in the country that we never hear of, and we are blamed for not mentioning it in our paper. Send us in the reports of events happening in your neighborhood and we will fix them up.

The quarterly inspection of the East Carroll Guards on Sunday evening last, was one of the largest the Company has ever had. There were thirty-eight that answered to roll call; ten or twelve of the boys were sick, who would have been in rank but for that. This is the only way to keep up the Company, and the boys should be on hand every time there is a drill.

J. H. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good.

Many thanks to E. W. for his interesting communication from the Indian Territory. We know our readers will read it with interest.

Mr. John Jenkins returned to his home at Delta last Tuesday night. The next time John visits Providence, the B-D might have to say "Doctor" Jenkins, as our young friend aspires in a medical direction.

WHEAT'S REMOVAL TO THE ARMOY BUILDING.

The new departure of W. N. White in advertising his goods and showing the people how cheap they can buy at his store, caused his trade to increase in such a way that in a short time he had to get a new clerk to accommodate the rush of customers.

MRS. E. NICHOLSON.

The Banner-Democrat regrets exceedingly to chronicle the death of Mrs. E. Nicholson, the aged mother of our esteemed friend and parishioner, Mr. Robt. Nicholson, and of Mrs. D. Muir.

Four Big Successes.

Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale.

The water at West End is clear and limpid as spring water; every evening a considerable number of ladies and gentlemen take a refreshing and beneficial dip, and every one enjoys the sport.

We would why the proceedings of the Levee Board meeting, held at Vicksburg in the first week of August, were not sent to us for publication. Our people are vitally interested in the proceedings of the Levee Board and desire to know what our Commissioners are doing.

We are in receipt of another delightfully descriptive communication from Mrs. W. N. White, who is still enjoying the mountain air of Asheville, N. C. Owing to press of other matters, we are debarred the pleasure of giving it to the public this week; but it will appear next issue.

Mrs. J. G. Oldfield left last Saturday night with her two daughters, for Vicksburg, where the young ladies will remain at the Convent.

We had the pleasure of meeting Hon. S. T. Jackson of West Carroll on Friday last. He came over for his family, who were on a visit to Mr. and Mrs. J. S. Millikin. He reports our sister parish prospering.

As the weather is now getting cooler, services will be hereafter at the Catholic church at 10:30 on Sunday morning, starting at that hour to-morrow morning.

Plantation Diarrhoea Mixture gives certain relief. Every bottle guaranteed. Try it! Sold by Guenard drug store.

STRAIGHT TO THE RAILROAD.

Last week we were invited by our Mississippi friends, Messrs. Burton and Harri, to inspect a new road that is being cut through the woods between the Valley railroad and the river.

This new road which the citizens of Issaquena county are laying out will be of great convenience to the town of Providence, to say nothing of the advantages it will afford our neighbors on the other side of the river.

The gentlemen who have undertaken this task have pushed it through with a vim. One thing we noticed especially while riding over the road: they get the plantation hands out and make them work.

When the Board of Supervisors meets and appropriates money to build a bridge across Steel's bayou, the road will be ready for regular travel from the river front to the Valley road; when the citizens of Providence and the adjacent country will find that they will be much nearer to New Orleans than they ever were before.

To the gentlemen who extended us so many courtesies we tender our sincere thanks; and we hope that their enterprise will be richly repaid this fall in the increase of their shipments and the profits of trade.

ELECTRIC BITTERS.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purgative medicine does not exist and it is guaranteed to do all that is claimed.

We suggest that the street and bridge committee look after the lake road out near Col. Morgan's residence before the bad weather sets in.

MOONLIGHT PICNIC.

Another one of these delightful gatherings will take place on Tuesday night, September 11, at Mrs. F. M. Taylor's.

Friends of the Episcopal Church are cordially invited. Members of the Church are expected to come.

Large advertisements, and other things, have prevented the appearance of some of our best reading matter this week, especially the contribution of * * *, which we are forced to omit.

By the removal of Mr. White to the Armoiy building, Company C. will have to seek new quarters, and they have decided to build at once a large hall to be used both as an armory and a town hall.

Three things make "THE BUCKSKIN BREECHES" the best Jesus pants in the world. Good material, Careful Workmanship and Perfect, Easy Fit.

Mr. Moore, of Lake Providence, has moved to Franklin and will reside here in the future. The gentleman will engage in merchandising, in the Foster building, on Main street, which he has leased for a long time.

FROM THE INDIAN TERRITORY.

Banner-Democrat:—Atoka is a town in the Indian Territory, situated on M. K. & T. railroad, about fifty miles above the northern boundary line of Texas.

The hills near here are almost tall enough to merit the name of mountains; most of them are covered with timber, but some have only raiment of grass, and these are known as "Bald Knobs."

Although this is Indian Territory, we rarely see a full blood Indian; only as they ride into town, and out again. There are in Atoka only a very few half breeds; these have olive skin, hazel eyes and midnight hair.

Almost all the people here are Southerners, many of them being refined and well educated, and seemed to have settled here for life.

Atoka has good schools and churches. Five denominations are represented; Presbyterian, Christian, Baptist, Methodist and Catholic. Every Sabbath morning the church bells unite the people to morning service; again Sabbath evening. They are a church-going, God-fearing people.

The breeze here is almost continual, and after every rain the atmosphere is as cool and delightful as autumn-weather in the far South; and blankets are very comfortable.

The favorite amusement here consists in camp hunts, and the hunters are sometimes rewarded with deer and turkeys, frequently with squirrels, quail and prairie chickens.

Atoka being so near Denison and Sherman, makes it very convenient for business men here. They frequently go to Denison on the 10 a. m. train, transact their business and return on the 6 o'clock train the same day.

CHARTER OF THE Providence Lumber Company, Limited.

STATE OF LOUISIANA. PARISH OF EAST CARROLL. Be it known that on the 5th day of May, A. D. 1894, before me, J. S. Millikin, Notary Public in and for the aforesaid parish, duly commissioned and qualified, came and appeared the several persons whose names are hereto subscribed, who in the presence of the undersigned witnesses, severally declared that availing themselves of the provisions of the laws and the constitution of the State relative to the organization of corporations, and particularly availing themselves of the provisions of Act No. thirty-six [26] of 1888, they have, and do by these presents contract and agree, bind and obligate themselves, as well as such other persons as may hereafter become associated with them in law for the objects and purposes, and under the agreements and stipulations hereinafter set forth, to-wit:

The name and title of this Corporation shall be Providence Lumber Company, Limited, under which name and title the said Corporation shall have power to exist: to sue and be sued; to make and use a Corporate seal, and to break or change same at pleasure; to be designated by the Board of Directors; to purchase, hold, own, mortgage and pledge real estate and personal property; to appoint such managers, directors and agents as the interests of said Corporation may demand, and generally to do all such acts and things necessary and convenient for the carrying out of the objects of this Corporation as hereinafter stated.

The domicile of this Corporation shall be in the city of Providence, in East Carroll parish, Louisiana, and all elections and other legal proceedings shall be held in the presence of the President, and in his absence of the Vice President.

The purposes for which this Corporation is established, and the business to be carried on by it, are declared to be general lumber business, including the purchase and sale of timber lands, or the timber growing on lands, and generally to do, manufacture or have manufactured the same into lumber; to erect and operate saw-mills, or means of transportation for moving lumber to and from the mill; to buy, sell and generally to do all acts and things, and to enter into all contracts and obligations, necessary and proper to be done in the conduct of the said Lumber Business; also to engage in the manufacture of saw lumber into such articles of commerce as they may see fit, or into the erecting of buildings.

The capital stock of this Corporation is hereby fixed at Fifty thousand (\$50,000) Dollars, divided into and represented by Five Hundred Shares, each share to be \$100 each; and the number of shares to be subscribed for organization and transaction of business shall be Eighty, and as soon as that number of shares shall have been subscribed and paid in full, then the Company shall organize and commence operations. No certificate of stock shall be issued until the full amount of the stock is paid for in cash or property. The stock shall be evidenced by such certificates issued and signed by such officers of the Corporation as the Board of Directors may designate, and shall be transferable only on the books of the Company. No transfer of stock shall be valid or binding unless and until same shall have been made and entered on its books. The holder, his heirs, legal representatives or assigns in this Corporation shall sell or dispose of stock held by him in this Corporation, unless the same shall have been tendered to the remaining stockholders in writing through the officer designated by the by-laws of said Corporation to receive such tender, who are to have an option on said stock for a period of fifteen days, and at the market price, and which by-laws shall be adopted by the Board of Directors of said Corporation at the first meeting after the said Corporation shall have been organized.

All elections a majority of the votes cast shall elect, and each shareholder shall be entitled to cast either in person or by proxy one vote for each share of stock held by him, but not to vote on any share of stock transferred to him within twenty days prior to an election. All Directors, both those appointed in this charter, and those hereinafter elected, shall hold office until their successors are elected and inducted into office. In case of failure to elect officers on the day hereinafter fixed, or on such day as said annual meeting shall have been regularly adjourned to, this Corporation shall not be thereby dissolved, but the directors shall continue in office and a new election shall be held, to be preceded by fifteen days' notice, as hereinafter provided.

The corporate powers of the Company shall be vested in a Board of Directors to be composed of three stockholders. The first Board of Directors shall be chosen as hereinafter provided, on the second Monday in May, 1894. From that term the Board of Directors shall be composed as hereinafter stated. On the second Monday of May of each year a general meeting of the shareholders of this Corporation shall be held, and thereat shall be elected three Directors to serve during the ensuing year, after fifteen days' written notice given on each of the shareholders by the Secretary of this Corporation.

At all elections a majority of the votes cast shall elect, and each shareholder shall be entitled to cast either in person or by proxy one vote for each share of stock held by him, but not to vote on any share of stock transferred to him within twenty days prior to an election. All Directors, both those appointed in this charter, and those hereinafter elected, shall hold office until their successors are elected and inducted into office. In case of failure to elect officers on the day hereinafter fixed, or on such day as said annual meeting shall have been regularly adjourned to, this Corporation shall not be thereby dissolved, but the directors shall continue in office and a new election shall be held, to be preceded by fifteen days' notice, as hereinafter provided.

Until the first election to be held under this charter as herein provided, the following named persons shall serve as Directors, to-wit: J. S. Millikin as President, J. S. Millikin as Vice President, Edward J. Hamley as Secretary and Treasurer. Said Directors shall serve and hold office until their successors shall have been elected and qualified at the first annual meeting of the shareholders as hereinabove provided. In case of a vacancy from death, resignation or otherwise, the Board of Directors shall elect a successor.

Notice is hereby given that W. E. Long has applied to be appointed Director of the Board of Directors of the State of Louisiana, and that the election is to be held on the 11th day of October next, at which time he will be appointed as a member of the Board of Directors. J. S. MILLIKIN, Clerk. A. D. TOMPKINS, Clerk.
