

Proceedings of the District Democratic Executive Committee.

CHURCH POINT, Jan. 30, 1892.
At 12 m. Chairman W. S. Frazee called the committee to order, and announced the election of a secretary in order.

On motion, Will C. Chevis was unanimously elected.

The roll was ordered called and the following members found present:

Acadia—E. L. Harman, W. F. Brooks, H. Barousse, M. J. Andrus, D. Puchey proxy M. J. Andrus.

St. Landry—Chairman W. S. Frazee, J. J. Barry, T. H. Lewis, Sr., Dr. G. A. M. Cooke proxy T. H. Lewis, E. S. Clements proxy T. H. Lewis, J. J. Fontenot proxy W. S. Frazee.

The chair stated the object of the meeting to be the nomination of a candidate for the State Senate to fill the vacancy on the Democratic ticket caused by the declination of Hon. John E. Felton.

W. F. Brooks then placed in nomination the name of Dallas B. Hayes. Andrus, Lewis and Frazee then made speeches in support of the nomination, which was unanimously carried.

J. J. Barry moved the appointment of a committee, with H. Barousse as chairman, to inform Mr. Hayes of the action of this committee. Carried.

The chair appointed Barousse, Brooks and Andrus.

On motion of J. J. Barry seconded by H. Barousse, the following resolution was unanimously adopted:

Resolved by the Democratic Executive Committee of the 12th Senatorial District, that we do hereby denounce the action of a few office seekers in St. Landry, who, repudiated by the people at the polls on the 26th of November last, are now trying to disrupt the party; that we characterize the Ville Platte meeting as undemocratic and revolutionary; that a fair and peaceable primary election was held in St. Landry on the 26th of November in which these parties should have asserted their grievances if they had any, and being defeated in that election, as Democrats they are entomped now from setting up any opposition in the name of Democracy, to the actions of its legally constituted committee, as established by the Democratic primaries on the 26th of November.

On motion of Thos. Lewis, Sr., a committee, with H. Barousse chairman and W. C. Chevis secretary, was appointed to prepare for a joint meeting by the Democrats of Acadia and St. Landry to convene at Church Point for the purpose of ratifying the State and District nominations.

The secretary was also instructed to correspond with the State committee in regard to time of holding the meeting.

On motion, duly seconded, the Ranger and CLARION were requested to publish the proceedings of this meeting.

On motion the committee adjourned.

SUPERIORITY.

Not Equality, but true Superiority over all other Blood Remedies.

Mercury enters into the composition of many blood medicines, while with others iodide of potash is the principal ingredient. Both these substances are poisons, and while in some instances they lessen the severity of the ravages of blood poison, their use in the end are more harmful than otherwise. Bear in mind Dr. John Bull's Sarsaparilla is strictly a vegetable compound, yet its effect on blood.

DON'T USE

filled with poisonous germ matter is like water on the forked tongues of a flaming fire. It subdues the evil instantly, even when other medicines have failed. Again, Bull's Sarsaparilla is frequently used after the system has become poisoned by the use of mercury and potash. It quickly eliminates these mineral poisons from the system, thus preventing and curing mercurial rheumatism, polio, scurvy, and all the other ailments which result from the use of mercury and potash. Bull's Sarsaparilla is a true panacea. The sequelae of blood poison, such as salt rheum, eczema, king's evil, scald head, boils, carbuncles, itchy eruptions, neuralgia, etc., all permanently disappear if the use of Bull's Sarsaparilla is continued a sufficient length of time.

MERCURY

W. A. Smith, Paducah, Ky., writes: "I was down sick with malarial fever for over a month. The doctor gave me too much calomel, and I began to feel better, but when I began to get better, I began to feel worse. My left leg was made crooked. I thought I would be a cripple for life, but an acquaintance got me to use Bull's Sarsaparilla, which gave me strength and cured my rheumatism, and now my leg is nearly straight again and I walk on it very readily."

AND POTASH.

R. B. Walton, Cairo, Ill., writes: "I experienced the horrors of blood poison for four long years. I had three running sores on my body as large as my hand, and a fever, and over a dozen smaller ones. My hair and eyebrows and whiskers all came out and I looked like a perfect scarecrow. I became discouraged trying medicine, but at last I began to use Bull's Sarsaparilla. The use of 25 bottles made me well, but there are scars on my body that look like they had been burned."

Children like Dr. John Bull's Worm Destroyers. They taste good and never fail to remove worms if there are any. Price 25 cents. Try them.

"The demand for Smith's Tonic Syrup is unequalled for its efficacy in curing 'Malaria.' My sales are immense." F. J. Dreher, Leesburg, Ill.

Proceedings of the Parish Democratic Committee.

OPELOUSAS, Feb. 6, 1892.
At the hour appointed M. L. Swords, chairman of the parish Democratic executive committee, called that body to order. On roll call a quorum was found present.

On motion of J. B. Bergeron, J. J. Thompson was unanimously elected secretary. The chairman then explained the object of the meeting, which was for the purpose of appointing a campaign committee and for such other business as may be deemed proper.

On motion of J. B. Bergeron the following gentlemen were appointed campaign executive committee: T. S. Fontenot chairman, A. L. Fontenot, E. B. Dubuisson, M. L. Swords and J. J. Barry. Mr. J. J. Barry offered the following resolution:

Resolved: That this committee emphatically approves of the declaration made by Hon. E. B. Kruttschnitt Chairman of Democratic State Executive Committee in reference to the letter of Jno. A. Morris, declaring that he will not accept the Lottery amendment if adopted by the people, and with W. V. Kruttschnitt we regard the same as intended to hoodwink the people into the belief there is no long any lottery issue in this campaign.

Resolved further: That in our opinion it is the fixed purpose of the Lottery Company to control the election of governor, and a majority of the Legislature, so as to secure an extension of the existing charter from the 31st day of Dec. 1892, to the 31st day of Dec. 1894; which may be done by the Legislature now to be elected.

Resolved further: That we firmly believe should the lottery secure control of the State government in the pending election, they will call a constitutional convention and without submitting their work to the people adopt the same; thereby securing another Lottery charter more favorable than the present amendment. And we warn our people not to be misled by this new false pretense of the Lottery, and to keep up the fight unremittingly until all lotteries shall have ceased to exist in the State of Louisiana.

On motion of J. B. Bergeron, M. L. Swords, J. J. Thompson, Dr. H. Chachere, J. J. Barry and J. B. Bergeron were appointed as a committee on address to the people of the parish of St. Landry. On motion the Claron, New Orleans Delta and all papers favoring the Democratic party, are hereby earnestly requested to publish same. On motion this committee adjourned subject to call of the president.

M. L. Swords, President.
J. J. THOMPSON, Secretary.

MILAN WILKES.

DESCRIPTION.

MILAN WILKES (formerly George Wilkes Jr.) is a handsome blood bay, twelve years old this spring, just 16 hands high, black mane and tail, star and white points. He is lengthy but symmetrically formed, fine head and ear, large bone and heavy muscle. For style in harness or under the saddle, he has no superior. He drives kindly, either single or double, and is perfectly quiet and submissive in any position. Ladies drive him on my track without any fear. He is descended directly from Old George Wilkes, sire of more trotters in the 2:30 list than any other horse that ever lived, and sire of double as many in the 2:30 list as any other Hambletonian that ever lived; and the number to his credit is increasing with every year's training, having added twelve to his list in 1891.

Lyle Wilkes, the sire of Milan Wilkes, is thought to be the best formed colt that Old George Wilkes ever got, more closely resembling in his general make-up Old Hambletonian, the founder of the family, than any other of his long and honorable line of descendants.

MILAN WILKES, having been actively in the stud since his third year, has been speeded but little, but has shown a 2:40 gait over our track.

PEDIGREE.

MILAN WILKES was foaled in the spring of 1880, the property of Richard Lowell, Lexington, Ky. He was sired by Lyle Wilkes, he by Old George Wilkes, and he by Rydyk's Hambletonian, the father of the most famous family of American trotters.

Milan Wilkes' dam was Lizzie, by Bowman's Warfield Jr., who was never beaten in the Kentucky show rings either for style or speed; second dam, Lizzie Harris, by Faulkner's American; third dam, thoroughbred mare, raised by Wm. J. Marbury, of Mason county, Kentucky.

TERMS—\$25 the season, with usual return privilege.

Will stand the present season, at my stable in Bellevue, 5 miles south of Opelousas, commencing Feb. 1 and closing July 1. They will be in the hands of an experienced groom, who will at all times be found at his post, and who will politely and promptly attend to the wants of all patrons.

Pasturage and attention to mares from a distance, \$4 per month; feed on grain, \$8 per month. I will take same care of mares from a distance as of my own, but will not be responsible for accidents or escapes.

These horses should stand at \$100 the season; their breeding justifies it. But to encourage the improvement of horse-flesh in Southwest Louisiana, I have put the price down where none can complain who are inclined to improve the quality of their stock. It affords us pleasure to show our stock to admirers of fine horses, whether breeders or not, and we cordially invite an inspection at our stable, or on our farm, on any day.

All Fees are Payable Invariably in Advance.

No deviation from this rule on any account.

PILOT CHIEF's dam was Lady Lightfoot, sired by Hambletonian Prince No. 819; dam Lady Larkin, by Little Jack, son of Long Island Black Hawk No. 24. Mambrino Patchen's sire, Mambrino Chief, was descended on both his sire's and his dam's side from Messenger.
