#### Chicot Notes.

Jan. 9-Hello! Happy New Year to all.

Have you got rid of your headache Twas awful, wasn't it, brother?

The Rock Island Civil Engnieers have moved to Chicot, and are all occupying a house belonging to Mrs. A.

H. L. Erlich, Esq., attended a meet ing of the school board at Opelousas last Saturday.

An elaborate affair was given at the hospitable residence of Mrs. Rev. Thomason on last Monday. It was called a "Hen Party," and quite a crowd attended. Mrs. Thomason was the recipient of a number of hens, besides other gifts.

Miss Lyons and Miss Cox, two young ladies from the Bayou Chicot Lumber Co., after spending the holidays at home, have returned to school at San Antonio, Texas.

While candidates for Governor and Lieutenant-Governor are bobbing up in numerous sections of the State, don't forget that Little Bob Broussard, of Iberia, and Hon. James J.Bailey, of St. Landry, are going to make it warm for their opponents.

Dr. J. E. Hawkins and Dr. Geo. Buchee paid Oakdale a visit last

To the gratification of all concerned, our popular school teacher, Miss Lillian Daniels has returned, and is at her post of duty.

Mrs. H. L. Erlich has peas and Irish potatoes fully matured in her garden, besides numerous other vegetables that are rarely grown here during the winter months.

Railroad men, tie men, hardwood men, stave men, etc., are seen on our streets nearly every day, attending to their various duties.

Charlie Chappelle, who at present FII is engaged in estimating timber, says that he heard quite a racket in the woods one day last week, and running to see what it was, met the sight of an immense eagle engaged in a fierce battle with a wild turkey.

Capt. Sam Haas, with the exception of a very few days, has been absent from home nearly all the fall

Major Frank Wharton and Mr. C. M. Richards, of Gold Dust, visited Chicot last week.

Farmers are already preparing to make the crop of 1907, and from what I can learn, a greater quantity FIR of fertilizer will be used this year than ever was before.

Mr. Elmus Campbell, a prominent

Jake, of Ville Platte, here is you and your coming little city. CHICOT.

specimen of his cabbage crop on last
Tuesday, and at the risk of having
our veracity questioned, we will give
the dimensions and weight, which
was forty-four inches around the
wast in the former and trees. waist in the former and twenty Creole horses. pounds in weight!

It was a monstrous king of the cabbage tribe, white and firm and when cooked tender and deliciously

The young man who brought it told us that Mr. Mistrot planted two acres in cabbage, on which he made 4000 head, and that the specimen brought to us was no exception to the general run of the crop. He has disposed of 3000 head on the local market, and is not at all worried about the other 1000 remaining on his hands. When asked if any had been shipped to other markets, the young man said that this had not en necessary, as a ready market

had been found right here in the city. Mr. Mistrot plants five acres in vegetables, and has found it hugely
