ADVERTISE IN THE CLARION

A NECESSARY CLEARANCE

YOU can easily understand that in a business like ours it's quite impossible to tell beforehand exactly how many suits and overcoats we shall sell; if we could do it, we would buy more than enough; a clothing store without any clothes in it, sold out clean, would be a funny store.

We always have a surplus; must have; and we always, about this time of the winter, try to dispose of this unsold surplus by quoting special low prices on it. It's bad policy in such a business as this to carry winter goods over till next fall; we don't do it.
