3 Per Cent Interest on Savings Deposits Compound Semi-Annually.

To Our Friends and the Business Public:
We take great pleasure in announcing that our Savings Department is open for the reception of Savings Deposits on which we pay three per centum per annum interest on such deposits remaining in the Bank at least three months. This interest is payable semi-annually—in July and January—the interest is added to the principal or paid to the depositor. Interest is allowed on deposits made at any time between the 1st and 10th of each month as of date the 1st, but deposits may be made at any time. Depositors in this Department may withdraw their deposits at any time, interest being allowed only for the time the money remains in the Bank, as stated above. Deposits of One Dollar and upwards will be received.
Our plan of allowing three per cent. Compound Interest on Savings Deposits is provided for by our Charter, and no other Bank in this Parish can offer you the advantages we do, because this is the only Bank in this Parish with Trust and Savings Departments.
We cordially invite your business

Look For the Hose With This Mark on the Toes
There are many kinds of guaranteed hosiery but they are all imitations of the original "Holeproof."
When your husband goes out to buy socks, tell him to insist on "Holeproof"—tell him to look on the toes for our trademark.
This means more than you think—it means that if any holes appear within six months we give you new hosiery free.
But that is not all, the hosiery itself is more stylish and comfortable than any other on the market.
FAMOUS Holeproof Hosiery
FOR MEN WOMEN AND CHILDREN
The makers use only the finest and softest cotton from Egypt and the Sea Islands. They pay 83 cents a pound, but could buy ordinary cotton at 12 cents a pound.
The yarn is three-ply in the body and doubled to six-ply in the heels, toes and knees. Common hosiery is made of two-ply yarn throughout yet it costs you as much as "Holeproof."
Comfort is supreme in "Holeproof"—the fabric is as soft and smooth as silk. Style is increased for the hosiery is shaped to fit the ankle like a glove fits the hand.
Men's hose come in eleven attractive colors and women's in six. Price \$1.50 to \$3 a box of six pairs. Children's hose, in black and tan, at \$2 a box of six pairs. Please come in and see this hosiery today—it costs no more than the ordinary.
Reg. U. S. Pat. Office, 1905.

U-CAN-DO-THE-SAME
A man whom I know who is very anxious to breed habits of saving in his children, has adopted this method. Perhaps it will appeal to other fathers.
As each son begins to earn his own bread and butter the father takes out for him a 10 year insurance policy for \$1000. This, he tells his son he will pay for three years. At the end of that time he is going to turn the policy over to his son who can either redeem it or keep on paying it.
He has six children. Four of them have received their policies and not one has chosen to take the money out. Two have the policies already paid up and ready for a rainy day, and not only that, but have kept on saving on their own accounts. Doesn't that sound like a pretty good method?
