could have had a man on hand who purchased a tract from them some five years ago for the purpose of raising corn, hogs and hour, and the ready answers he other crop.

months in the year with perfect safety to their health and have equal if not better health than where they came from.

tory and lands of the Billeaud estate, every member of that hospitable family vying with each other in extending every courtesy, even showing their books and frankly stating that the 50 and 100 dollar lands of Address Lewisburg, La. the Opelousas country were equal in fertility to the \$100 to \$150 lands around their factory; that the difference in value was simply the demand and the proximity of the refinery within hauling distance of the cane fields. The lands of this section are abnormally low in price, not hav-ing recovered from the boll wee-vil shock and the recent unprecedented freeze, which caught the inexperienced cane farmers, who did not windrow in time and in many instances did not windrow properly, together with the fact

said: "We have heard of your that the yield was about double cotton and other staple of that obtained and hence the propositions, but we would like mills and railroads were overto know something about corn, taxed. If every farmer had had hogs and alfalfa. Can they be a horse cane mill he could have raised at a profit?"

Mr. L. E. Littell, senior partner of his firm, arose and said that he could answer that question, and had he thought of it he ton, and had he thought of it he ton, and had he thought of it he ton, and had a men on hand the could have given him \$150 per ton, and had a men on hand the could have given him \$150 per ton, and had a men on hand the could have given him \$150 per ton, and had a men on hand the could have given him \$150 per ton, and had a men on hand the could have given him \$150 per ton, and had a men on hand the could have given him \$150 per ton, and had a men on hand the could have given him \$150 per ton, and had the could have given him \$150

and alfalfa, and who has done so gave the inquiring visitors on well in this line that he has not every debate, made a profound as yet been induced to try any impression on them, coming as it did from a man of such high Mr. O. H. Terwilliger was standing who was not interested called on and gave an interesting in selling lands but in buying, talk on land titles, which came in very apropos, as Mr. Terwillinger is an experienced abstracter and land title investigator.

Mr. Lawler concluded the fore coming here, and when they heard Mr. Billeaud, who is the the heard Mr. Billeaud, who is the toasting by saying that they had in their midst a Doctor, whose experience in Louisiana, Texas and Mississippi, enabled him left to the concern and an experience in Louisiana, Texas and Mississippi, enabled him left turing of a highly finished product turing turing turing turing turing turing turing turing turing tur speak by the card as to health uct, they felt that anything he conditions, as he had been not only officially connected with the Health Board of these States, but had been sent to Europe to but had been sent to but had been sent to but had been sent but had been sent to Europe to investigate h e a l t h conditions there by Texas, and hence could give a comparative statement that might be of interest to western farmers. Dr. Mayor responded and convinced the visaponded sections of the bitter that they could carry on highest developed sections of the iters that they could carry on highest developed sections of the farm operations for twelve State.

JOE P. CORNIER DEJEAN & CORMIER The next day the party boarded the Southern Pacific south for Broussard, where they were shown over the sugar factors.
