Telephone service, linking together city and country and shore, is never more appreciated than during the summer months. While the business man is confined to his desk in the city, the telephone keeps him in touch with wife and family, though they may be many miles away, summering at some pleasant resort. During his own vacation the business man relies upon the telephone. He is free from care, for he knows that he can be reached at one by telephone should important matters require his attention. At the vacation home also, the telephone proves so convenient in arranging games and outings with friends and ordering supplies from the distant markets. All this is possible because Bell Telephone service is universal. **By the way, have you a telephone?**

## HERALD'S STRAW VOTE SHOWS TAFT IN REAR

69,046 Votes From Many States Puts Taft Third in the Race.

## GOVERNOR WILSON IN LEAD

Wilson Receives 30,361, Roosevelt 20,748 and Taft 13,055—Roosevelt Takes 12,064 From Taft, and Wilson Takes 6,173.

New York, Oct. 12.—The second poll of the New York Herald, which is supporting President Taft, shows Governor Woodrow Wilson decidedly in the lead over Roosevelt and Taft.

The Herald devotes five pages to its straw votes which were taken in New York City, New York State, New Jersey, Pennsylvania, Maryland, Delaware, Illinois, Minnesota, Wisconsin, Iowa, Michigan, South Dakota, Washington, Idaho, West Virginia, Kentucky, Missouri, Nebraska, Indiana, Ohio, Wyoming, Kansas and Oklahoma.

The Herald's expert canvassers have noted 69,046 votes. Of these Governor Wilson has received 30,261, Roosevelt 20,748 and Taft 13,055.

The net Republican loss is 17,358, while the Democrats show a net gain of 5,420, and the Socialist a net gain of 526.

The third term candidate takes 12,064 from Taft, while Wilson gains 6,173 votes from the president.

Democratic leaders have digested the Herald's poll with care and they point out that the prediction of the Roosevelt followers that he would take from the Democratic columns is not carried out. Instead of losing votes to either Taft or Roosevelt, Wilson has gained half of the Republican votes that have changed from 1908. If this percentage should be kept up throughout the country the Democrats would carry every State in the Union.

The Herald points out that Taft is gaining strength and that Roosevelt is running behind. The Herald claims that Taft is gaining, notably in the New England States. That in the far West there is a swing towards the President from Roosevelt. The Herald states:

"But, even with his apparently increased strength, Mr. Taft still appears considerably behind. Governor Wilson's friends say their candidate cannot be defeated. The Bull Moose managers, privately expressing no great hope of victory for their candidate, say that they have already insured the defeat of the president.

"Straw votes aggregating approximately 79,000, taken in twenty-nine States, puts Governor Wilson in first place. They indicate that he is leading in popular support in twenty-three States of the twenty-nine. The Bull Moose leads in five and the president in one—Utah."

The Herald further states: "Governor Wilson, according to present indications will carry New York State by a large plurality. That the candidacy of the Third Termer has split the Republican party almost in two and for the first time in many years, a Democratic candidate for the presidency will lead in the counties north of Manhattan Island are indicated by a careful canvass by Herald correspondents in every section of the State.

"There is no indication of a break among Democratic farmers. At this time there appears to be no shift possible which would jeopardize Mr. Wilson's chances. He seemingly needs to hold only what he has, and desertions, should they reach any formidable size, will be offset by a rush of old line Republicans to his support.

"Political sentiment in Albany, and up-state, judged by surface sentiment indicates the success

of Governor Wilson through the division of the Republican party. In some districts in eastern New York, the progressive party is strong, but at present it is believed the third termer will run third."

## YES, THERE WILL BE A PARADE.

Barnum and Bailey Will Also Present Great Spectacle of "Cleopatra."

When the Barnum and Bailey greatest show on earth visits Opelousas on Thursday, Oct. 31, it will present a street parade on absolute new lines. In no particular will this parade be like those of the past.

Before the circus began its season it promised a surprise in way of street processions. It announced that it would present a pagent three times the length of any other and costing ten times as much. It is now fulfilling that promise to the letter. The open-air spectacle presents three years' work. The best artists from Italy and France made the designs for the various vehicles, the costumes and fantastic trappings. The best property and spectacle builders and master artisans of the great theatres of Europe put those designs into execution. They worked night and day for three years in the workshops of the show in England. When the bills for all this labor were turned in to the management they amounted to over \$1,000,000. But the result is worth it. The parade is beautiful beyond description. It is a parade of ten thousand wonders and novelties.

It has great value as a world's exposition. It presents all types of the human race, together with all of their costumes, tapestries, banners, flags, weapons, statuary and paintings, carriages of state, mythology and idols. A complete street menagerie is displayed in open dens. There are herds of camels, dromedaires and elephants and 700 horses. The characteristic music of the world's peoples is represented by brass bands, barbarian orchestras, tom-tom players, weird pipers, chanters, dervishes, castanet ballets and operatic choruses.

For the children there are fete day and kirmis scenes, fairyland tableaux, depicting all the characters from Mother Goose, Alice in Wonderland, the Arabian Knights, Water Babies and Robinson Crusoe. The tapestry and rugs are from Turkey and Persia. The costumes are from France. The laces are from Ireland. The scarfs, banners and flags are from Japan. The floats, wagons, palanquins, rickshas, howdahs, palaces and thrones are made of the finest woods, carved by hand and burnished with pure gold. The harness is silver mounted.

Zebras, llamas, camels and elephants do the work of horses. There are 1,280 men women and children in the line. The show grounds of this big show are a city in themselves. Here will be found an immense dynamo plant, generating power for all kinds of shops and supplying current for 7,000 electric globes, arcs and beacons. There is also a postoffice, where mail is received every day from all parts of the world. The show carries its own barbers, dentists, lawyers, doctors, detectives and master mechanics. It has a hotel and dining-room, where 4,000 meals are cooked and eaten every day in the week. The train that pulls the circus from city to city is more than a mile in length. It travels in a single season about 40,000 miles, making stops at 200 different cities.

One entire section of the train is needed to transport the vast equipment of the spectacle "Cleopatra," which opens the performance in the main tent. The spectacle employs tons of scenery and properties and a great portable stage built so that it can be put up in sections, and packed away again at night on twenty flat cars.

For month Opelousas citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.
