THEATRICAL CRITICISM BY THE SPORTING EDITOR "UMP."

The Elks blew into town Sunday with red ties and dusters for one performance at the local "Opry" H. use.

After seeing Cliff Allen in the box office and Mr. Isacks buy a ticket (which eliminated both as arbiters) we felt safe in following Mr. Biennu, the official scorer, to a seat directly in front.

There had been a short, snappy practice by the visitors at 4:30, but as the air was chilled, we rather doubted the players' ability, to keep warmed up until time of play, which was called sharply at 8:15 by Senator F. V. Mouton in the form of Louis XIII.

He was the last word in money, silk and starch, and had he worn the accustomed toe plate, the work of right and left garden would not have been so easy.

There was about 30 in the lineup and no less than eight players scored on his delivery.

"ZEKE" Sherwood on the right corner opened a hit, stole second on a bunt by Mr. Bagberry and galloped home, safe a mile, on a fielders' choice, said choice being a solo by Mr. Fritz Jensen.

"MYERS" on the left corner came up and took a healthy swing at a joke and while it was only a two bagger he stretched it into three bases thru the more than clever coaching of Mr. Bryant.

And by the way, that fellow Bryant is some artist himself, his team work was great and he didn't fumble a play. One attempt at a double play by Henry Martin and Mr. Lacoste turned into a double steal being made by Sherwood and Bagberry, and thru the fans into a mere fit.

Mr. Bagberry hit the ball with "I'm the guy" but the way the orchestra fumbled it kept him from scoring. Some member of said orchestra must have hurriedly changed from street to uniform and lost his key in the other pocket. There was about as much swing to that music as to a pendulum removed.

The brilliant performance of Mr. Mouton and Mr. Delahoussey merited the flattering attention shown by the house.

H. Michaelias as "Hennerly" opened in (One) but the audience muffed the first one over-said muffed enabling "Biliken" to score on the next play.

Lucky Richards ambled into the spot (that was not) sad voiced and sad eyed, he satirized everything from \$30,000 muffs to that price of spenders, who never buys. Biliken as the other half of the sketch aided materially in keeping the spot operator in the dark, and at time the players were located only by the white eye of Biliken and a million dollar stone sported by Lucky.

The Mechanical Dell and acrobat stunts followed. Which was very clever.

Sherwood, Meyers, Silvera and Roddreaux closed the series with clean fast play.

Julien Eltinge has nothing on Silvera. Zeke Sherwood and Meyers should break into the majors, as for Boudreaux he handled the tickets in a masterly fashion, and the fans are indebted to him for bunting them into line. But for his aggressive tactics many who did, would have entailed a loss all around.

We have not said a word about the audience, which fact was called to our attention by Mr. Firnbery.

Young Women

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

TAKE The CARDUI Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble. Telephone service, linking together city and country and shore, is never more appreciated than during the summer months. While the business man is confined to his desk in the city, the telephone keeps him in touch with wife and family, though they may be many miles away, summering at some pleasant resort. During his own vacation the business man relies upon the telephone. He is free from care, for he knows that he can be reached at one by telephone should important matters require his attention. At the vacation home also, the telephone proves so convenient in arranging games and outings with friends and ordering supplies from the distant markets. All this is possible because Bell Telephone service is universal. **By the way, have you a telephone?** Cumberland Telephone & Telegraph Company. Clarion \$1-Pr. Yr.

in your State and other Southern States, his popular vote will not be as large as the sentiment in favor of his election. As a Southern man, I know the difficulty of getting out the full vote in an election when there is no need for it to secure the election of our candidates, but in this campaign you will appreciate the importance of Wilson having cast for him in the ballot boxes every vote to which he is entitled. I am therefore writing to beg that in every issue of your paper, from now until the election, you will call upon your people to come out and vote for Wilson and Marshall. If this is done in every Southern State, Wilson and Marshall will not only have a majority of the electoral vote but a majority of the popular vote. You appreciate the importance of this. If he is elected only by a plurality, the Republican and Roosevelt parties will say by uniting they can defeat us next time, whereas, if the Democrats have a majority over both, the opposition four years hence will find it difficult to give us trouble. Thanking you for the great work you have rendered with the other editors in the campaign, trusting that this suggestion will meet your approval and co-operation, and that we will meet together in Washington on the 4th of March to rejoice at the inauguration of a Democratic President who shall have received the full Democratic vote in your State, I am,

Sincerely,
JOSEPHUS DANIELS,
Chairman Publicity Bureau.

GREAT CLAIM MADE FOR MILK AND BANANAS

Reginald Williams, six years old, son of Dr. and Mrs. Thomas A. Williams of Washington, D. C., measured up to an 11-year-old child at the brain tests made at the Hygiene congress by Dr. Mary Campbell, director of the Laboratory for Child Study, it was announced recently.

Noted scientists all over the world marveled over this wonderful child, who the father claims is the product of bananas and milk since early babyhood. Young Reginald has never been fed on any food. In the tests he stood 100 per cent, both mentally and physically.

According to Dr. Thomas, who is himself a specialist in brain diseases, especially those of the child, his boy is simply the result of normal application of eugenic principles.

A CALL TO DEMOCRATS TO COME OUT AND VOTE.

Editor Clarion, Opelousas, La. Dear Brother Editor:

There seems to be no reasonable doubt that Wilson will be elected on the 5th of November. It is not enough that he should have a majority of the electoral vote—every good Democrat wishes him also to be President by virtue of having a majority, and not only a plurality, of the popular vote. The question of whether he has a majority depends upon the South. In your State it is certain that the electoral vote will go for Wilson. Many Democrats, therefore, in those states do not see the need of going to the polls and voting. Under this condition, the danger is that Wilson's vote will be small in your State and if small
