Telephone service, linking together city and country and shore, is never more appreciated than during the summer months.

While the business man is confined to his desk in the city, the telephone keeps him in touch with wife and family, though they may be many miles away, summering at some pleasant resort.

During his own vacation the business man relies upon the telephone. He is free from care, for he knows that he can be reached at one by telephone should important matters require his attention.

At the vacation home also, the telephone proves so convenient in arranging games and outings with friends and ordering supplies from the distant markets.

All this is possible because Bell Telephone service is universal.

By the way, have you a telephone?

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE The CARDUI Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.
