ECZEMA FOR 20 YEARS.
Cured by Our Reliable Skin Remedy, Saxo Salve.

For twenty year I suffered from eczema. My skin would break out and itch and burn terribly. I heard of Saxo Salve and decided to try it. After two or three applications I found great relief and before I had used one tube I was completely well. If it will benefit others who suffer from eczema you may publish my letter, as I believe Saxo Salve will do just what you claim it will.—A. Pritchett, Shelbyville, Ill.
It is astonishing, even to us, to see how Saxo Salve, our new remedy for skin affections, allays the itching, softens, soothes and heals the skin in all sorts of eruptive disorders, such as eczema, barber's itch, ring-worm, tetter, etc.
It is guaranteed to help you—we cheerfully give back your money if it does not. Shutes Drug Store, Opelousas, La.
P. S. Eczema sufferers invariably need a blood tonic. Try Vinol on our guarantee.

What A Boy Said About Raiging Hogs.

Every boy and girl in the Monroe District should read this letter and study it. If Otis Woods in the hills around Dodson can do this, what cannot the boys and girls of this section accomplish when they once set themselves to the task. Every boy and girl who takes up this hog industry is a patriot. Let's keep the \$481,000.00 at home and send the boys and girls to college, to make better citizens, to build up the home industry and to make this a model farming section.
Every boy and girl should read this letter.

Baton Rouge, La.,
March 14th, 1913.

Prof. H. M. Cottrell, Agricultural Commissioner, Rock Island Lines, Chicago Illinois.

Dear Professor Cottrell:

Professor Balis has just returned to the office from a visit to Dodson and makes the following report on the work done by Otis Woods, a pupil of the Dodson Agricultural School and a member of the boys, hog club. The record that this boy has made will, perhaps, serve as an incentive to other boys and girls belonging to the clubs.
On last year this boy bought a gilt for ten dollars. He raised his pig according to instructions and exhibited her at both the Parish and State fairs. At Dodson, where the parish fair was held, he won sweepstakes over both men and boys.

He exhibited his page along with 96 others from different parts of the State and won first prize. At both fairs he won sixty-five dollars in cash. He was offered at this time seventy dollars for his gilt. Since that time out of only one litter he has sold seventy dollars and fifty cent worth of registered pigs. He has left on hand out of the litter, two pigs worth ten dollars each.

In addition to the premiums he received at the fairs he has received two pigs from the Fort Worth Stock Yards worth twenty five dollars. Thus making two hundred fifty seven dollars and fifty cents gross.
Professor Horton, the Agriculturist at the Dodson Agricultural School has nineteen boys who own registered pigs. Professor Horton has a large hog club enrolled in Winn parish.—Monroe News Star.

MARKSVILLE PEOPLE BOOMING UP OIL WELL

The citizens of Marksville are alert to the fact that there might be a vast wealth in an oil well, which was at one time pronounced "no good," but which expert oil men claim has great quantity of the priceless fluid, and all that might and vim will be able to accomplish to the securing of enough money to operate the well, and form a company is being tried by the spirited people of that enterprising little city.

There is a company being formed for the purpose of drilling the well, where experts claim there are oil and gas, and Mr. C. Gaspard, cashier of the Avoyelles Bank & Trust Company, with several other prominent citizens of Marksville and Natchez, Miss., are busily engaged selling stocks in the company, and it is expected that it will not be long before there is enough stocks subscribed to and paid for to commence drilling.

If anyone is desirous of investing in oil stocks, this is a splendid opportunity, as it is said that the chances for the discovery of oil are ninety-nine to one.

Here is hoping that the people of Marksville will be blessed, as most men who have seen the well seem to think, and that a large oil well will be drilled in the space of a few weeks. Avoyelles is in need of it, as badly as St. Landry.

Gould--Howell.

New Iberia, La., June 13.—A June wedding of prominence was held Wednesday at the home of the bride's parents, Mr. and Mrs. Harding Howell. Miss Margaret Howell was married to Henry W. Gould of Opelousas. The young couple will make their home in the latter city.

VETERANS PREPARING FOR THE RE-UNION

The veterans of the Civil war all over the country are preparing for the great peace re-union to be held at Gettysburg, Penn., beginning on July 1st to 4th.

The Louisiana delegation headed by Col. J. B. Sinnott, of New Orleans, will probably leave by special train from the Crescent City about June 28th. No definite arrangements have been made thus far.

The veterans are warned however to be certain of having credentials, and some manner of identification. It would be proper to print the words contained in the pamphlets, sent out to the Confederate veterans, which are:

Credentials absolutely necessary.—To secure quarters in the camp, the veteran must present a certificate from a commander of a U. C. V. camp or the Governor of his state, that he is a bona fide Confederate veteran.

Identification.—It is suggested that every veteran have on his person a card or paper, stating his name and address, so that in case of accident he may be identified.

Mr. James Byron Meginely had as his guests, last week, Mrs. Martha DeBlanc, Mrs. Coy. Meginely Williams, Mrs. John Edward Zoder and her two sons, Master Wallace and John Edward, Jr. Mrs. DeBlanc, on her way back home will stay two weeks with Mr. and Mrs. Albert Levert, at their plantation home, "St. John," near St. Martinville. St. John is one of the largest sugar refineries in the state, "Rosedale," will soon have the pleasure of opening her doors, as Mr. Meginely expects to entertain a party of friends from New Orleans, Mrs. Locke Breaux, Mrs. Patton, Mrs. Edward Harper and Mrs. Coy. Williams, sometimes in July, prior to Mrs. Williams departure for Denver.

Mr. and Mrs. Sam Plonsky, of Washington, were here on Sunday.

New Orleans is the latest municipality to feel the influences of an all-water route from the coal fields of Alabama and is preparing to grapple with Pennsylvania for the fuel market on the lower Mississippi, so that when the Panama Canal is an actuality it will be in a position to rightfully command.

What has been a dream for a generation or more on the part of the people of New Orleans, cheaper coal has become a realization through a new water route just opened which taps the coal fields of Alabama, this new waterway being accomplished by the reason deepened channels through the Tombigbee and the Alabama rivers into Mississippi Sound and thence to New Orleans by a short cut through Lake Borgne and the canal connecting the lake with the river.

While the first shipment was small, it is confidently believed it is the forerunner of millions of tons of coal and marks the accomplishment of one of the most important commercial achievements in the southwest since Eads cut his channel through the shifting bar at the mouth of Mississippi.

For the purpose of accomplishing just such improvements as the all-water route from the Alabama coal fields to the Gulf the National Rivers and Harbors Congress was formed and it takes to itself some of the congratulations in the crystallization of a sentiment that has made this improvement possible.

Bungalow Going Up In This City.

Mr. Adolphe Jacobs is having a pretty, attractive and modern bungalow built on the southwestern portion of this city, next to Sheriff Swords' home.

The section where Mr. Jacobs is having his little home built is a very popular one, and it is certain that the people in that neighborhood will welcome Mr. Jacobs with glad hearts, as he will be a splendid addition to this residential part of this city.
