Cheese Squares

Out of a pint of milk take enough to wet up a quarter of a cup each of flour and corn starch seasoned with half a teaspoonful each of salt paprika. Add this to the remainder of the scalded in a double boiler. Stir constantly until the mixture thickens, then occasionally for twenty minutes. Add yolks of two eggs beaten up with a quarter cup of creamed butter and half a cup of grated cheese. As soon as these are cooked, turn out into a shallow pan and when cold cut in shapes, lay these in a baking pan apart from from each other; cover thickly with greated cheese; reheat and brown in a hot oven.
