Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

OVERLAND

\$950 Completely Equipped F. O. B. Toledo

Costs You 30% Less

THE man who buys without comparing or analyzing only succeeds in grossly fooling himself. The better you acquaint yourself with values the more intelligent and economically you can buy.

If, in one car, you can get a longer wheelbase for less money than THAT car offers a greater value.

If, in one car, you get a more powerful motor for less money than THAT car offers you still greater value.

If, in one car, you get larger tires for less money then again in THAT car you get an additional value.

And so on throughout the entire car. If the fundamentals are larger, better and more powerful and the purchase price is less, which does it seem reasonable to buy?

The closer you make such an investigation the better the Overland shows up—and the harder it is on our competitors. Why is it you seldom see any of our competitors advertising their specifications? Are they afraid or ashamed?

Be that as it may, here are the facts:

The \$950 Overland has a motor that is as large and as powerful as in most \$1200 cars. COMPARE and SEE.

The \$950 Overland has a wheel base as long as on most \$1200 cars. COMPARE and SEE.

Electric head, side and tail lights
Storage battery and ammeter
35 horsepower motor
114-inch wheelbase
Timken bearings

33 x 4 Q. D. Tires
Cowl dash
Brewster green body with light green striping, nickel and aluminum trimmings
