REMINGTON-UMC
.22 RIFLES

The Little Rifles—Big in Quality
YOU are going to buy a .22 calibre rifle, single shot or repeater—you'll find that many well known crack shots started with a Remington-UMC .22. Their advice now would be "By all means, get a Remington-UMC" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and to cheapen them so that they can be sold at a price.
You have just as much right to expect full shooting value in your .22 calibre arm as in your \$75 big game rifle.
You want the Remington-UMC single shot at from \$3 to \$6. 22, 23, 10 or 32 calibre, made by the same people who make the famous Remington-UMC Autoloading Rifle.
Or, if you prefer the repeating rifle, the Remington-UMC slide action .22 repeater with its easy take-down and special safety features, shooting 22 short, 22 long or 22 long rifle cartridges, at \$10 and up, is your arm. Sold by live dealers in this community—the most popular small calibre rifles in America.

A \$10 Horse

doesn't amount to much. You can buy shoes for \$1.50 or a suit for \$7.50; but does the man who knows what quality stands for want stuff that is not only cheap in price, but cheap in quality? And cheap printing is the limit!
We won't charge you any more than the other fellow, but our work will not be cheap.
We'll prove this today if you say "C"

SEVERAL LEPEERS ARE DISCHARGED AS CURED

Dr. Hopkins Reports that Inmates of Leper Home Now Have Hope.

Directors of the Louisiana Leper Home believe a cure for this loathsome disease has been discovered. In his report to the board of control of the lepers' home Dr. Ralph Hopkins stated the serum he is now using is the most satisfactory he had tried, and nine patients were discharged as cured some time ago, and others are improving. It is a vaccine from the the bacteria of erysipelas. He also employs an oil to be taken internally, but he stated the patients sometimes can not assimilate the oil, but in several instances it has proven efficacious.

Dr. Hopkins told of the tests made sometime ago of serum taken from horses after they had been bitten by poisonous reptiles and also the blood of goats after being bitten, but both were discontinued after a long trial on account of the fact that the patients developed very severe abscesses. He said, however, the serum benefited the patients otherwise.

The doctor gave an account of a boy and a girl whom he had at the home under treatment, and also a woman, all of whom were practically cured, but they escaped.
He reported a patient, a citizen of France, who desired to return to his native country, and he was advised to take the subject up with the French consul in New Orleans. The man owns property in France and has a wife and several children in New Orleans. Dr. Hopkins was instructed not to allow children to visit parents, relatives or friends at the home. Dr. Hopkin declared that the origin of leprosy is not known or precisely how it is contracted, and also the theory that eating fish caused the disease was about exploded.

ROBBERS PAY VISIT TO SUNSET STORE

Castille & Bros. Safe Blown Up and Attempt Made to Rob Bank.

What is believed to be the

same gang that has been robbing small safes in many towns throughout Louisiana is supposed to have operated in Sunset on last Friday night.

Cracksmen blew and robbed the safe in the store of Romain A. Castille & Brothers on Friday night, but only a small amount was stolen. In the safe, in one of the pigeon-holes there was a pocket book, containing approximately thirty dollars, but the burglars did not look through this pigeon-hole, after having ransacked all the others and finding only books and papers.

The Sunset State Bank was the next to be entered by the burglars. The entry was made through a window, but when the robbers tackled the safety vaults, they discovered they had something besides a small safe to contend with. It is reported that three charges of nitro-glycerine were made, but still the vault did not give. One door was badly broken up, but the space between the first and second doors of the vault was too great for the nitro-glycerine to take effect.

After a futile attempt it is supposed that the cracksmen were scared away, whereupon they made their escape. It took the officers of the bank several hours to take out the heavy iron doors of the vault. And after opening the safe it was found that the robbers did not get access to it, as was supposed by President Dimmick, who feared that after closing the doors the cracksmen had arranged it so that it had to be taken down, altogether in order for the cashier to enter it next morning.

Attention.

Members of R. E. Lee Camp No. 14 U. C. V. are requested to meet on Saturday 7th day of March to approve roster and send their dues to general headquarters.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.
I had gotten so weak I could not stand, and I gave up in despair.
At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work.
If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.
Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.
The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good."
