GEORGE PEABODY.
About forty years ago the best ship in the British Navy sailed from England on a strange errand. Upon it was the body of an American citizen. The coffin was draped with the Stars and Stripes and the Royal British Ensign. Before sailing, the body was honored with services at Westminster Abbey. This was the first time in the history of England that the tomb of England's Kings and Queens was opened to a private citizen of any foreign country. A fleet from the United States Navy met the British ship and escorted it to the American shores. Such was the last home-coming of the man who, at the age of eleven years, was forced to make his own living.

Geo. Peabody was born of poor parents and at the age of 11 years went to work in a grocery store. At the age of 13 he became a partner in a general mercantile concern, and by careful saving and hard work he was subsequently able to start a banking business in London for handling American money abroad.

His faculty for overcoming obstacles was remarkable, and his determined efforts were always successful.

He was one of America's noblest business men and his philanthropies reached all over the world. His favorite maxim was: "Do unto others as you would have them do unto you."

A \$10 Horse

doesn't amount to much. You can buy shoes for \$1.50 or a suit for \$7.50; but does the man who knows what quality stands for want stuff that is not only cheap in price, but cheap in quality? And cheap printing is the limit!

We won't charge you any more than the other fellow, but our work will not be cheap.

We'll prove this today if you say so.

REMINGTON UMC

.22 RIFLES

The Little Rifles--Big in Quality

YOU are going to buy a .22 calibre rifle, single shot or repeater--you'll find that many well known crack shots started with a Remington-UMC .22. Their advice now would be "By all means, get a Remington-UMC" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and to cheapen them so that they can be sold at a price.

You have just as much right to expect full shooting value in your .22 calibre rifle as in your \$75 big game rifle.

You want the Remington-UMC single shot at from \$3 to \$6, 22, 25, 10 or .32 calibre, made by the same people who make the famous Remington-UMC Autoloading Rifle.

Or, if you prefer the repeating rifle, the Remington-UMC slide action .22 repeater with its easy take-down, and special safety features, shooting 22 short, 22 long or .22 long rifle cartridges, at \$10 and up, is your arm. Sold by five dealers in this community--the most popular small calibre rifle in America.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skill operators. It is also intended for offices and stores where costly machines are luxury.

The price is due to utter simplicity, and to our enormous output. Seven keys do all the work. Each copied number is shown up for checking before the addition. The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute and the machine never makes mistakes. Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.
