Why this man bought a Remington Junior Typewriter

"I have been investigating several of the recent makes of machines, seeking for one of simple construction for ordinary manuscript and letter writing. I was nearly ready to buy a machine of another make when I just happened to see for the first time the Remington Junior, and found it to be the very thing I wanted; and that was a typewriter built simpler and not incumbered with fixtures not needed for writing ordinary manuscript or letters."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior. But his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting. It is strictly a high-grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

"A Simplified Remington" describes it exactly.

And its price is

\$50.00

Remington Junior Typewriters will be sent "on examination," without obligation to purchase.

Easy payment terms can be arranged if desired.

IRRIGATE With ADVERTISING

Water works wonders with an arid soil. It makes it bloom like an Eden, and yield fruit and grain where only sparse shrubs grew before.

An adequate advertising appropriation is to business what water is to dry soil. It yields to the advertiser a harvest of patronage, holding old customers, bringing new ones and creating an increasing demand.

Judicious advertising is a multiplier of profits. It enables the merchant to sell his goods cheaply. It keeps his shelves free from old stock; it finds the eager buyer, and hence, makes selling easier and dealings with customers a pleasanter task.
