NO CHANCE FOR A DEBTOR

Vivian Times: A rural mail carrier in one of our Southern states has petitioned the United States Congress to pay him \$450 for services rendered shortly after the war. We have lost all hopes, if the American government is unable to dodge a creditor in fifty years there's no chance for us.

USUALLY BY OTHERS.

Mansfield Enterprise: The preparedness movement is growing. For that matter the world has always been full of people who insist that something ought to be done. FRANKLIN IS NOT STIRRED. Franklin Watchman: Most other towns are preparing to organize a militia and get in the game with Mexico, if there happens to be any thing doing, but Franklin has not moved yet. It appears that the old fellows are too old to fight and the youngsters do not care about being used as a target, and they have no hankering for the music of the cannon and the bullets. But the reason of this is that many of them do not believe that there will be anything coming of the prospects except the writing of some more notes containing about three thousand words, or something similar to that.

DON'T WAIT FOR GEORGE TO ACT

Oberlin News: The enterprising, pushing and get-there men of Bogalusa are not satisfied with one big mill in which the sawmill waste is turned into paper, but another larger plant is to be ready soon, and the output will be 140 tons per day. They don't wait for "George, or the other fellow, to do it" but do it themselves. See. TALK THAT LEADS NOWHERE. Baton Rouge State Times: There is much talk here, as in other places of organizing other companies in Baton Rouge. The zeal which induces men to organize provisional regiments is commendable, but Baton Rouge has two companies at Alexandria, which, while well above the minimum in men, are not recruited to the maximum, and those who want to serve their country should join the commands, rather than at this time, promote new commands. There is yet more room in the Louisiana companies for more men, and the state and the nation would be served best, at this time, while the commands are at Camp Stafford, by filling these ranks to complete war strength. New companies can be organized later, after the Louisiana boys have gone to the border.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Maging You Sick and Can Not Salivate
Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.
"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day, like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

ICED TEA BAD FOR KIDNEYS.

Many authorities agree that tea is bad for the kidneys, but it is a recognized fact that the Indians brewed teas from roots and herbs, which when drunk had were very beneficial. A tea of this kind which is a wonderful medicine is Ge-Rar-Dy Tea, which eliminates the poisons from the blood, liver and kidneys. It is so inexpensive,—only 10 cents a package at Shute's Drug Store and all other druggists,—that most every home has it. The Phil P. Cresap Co., Ltd., of New Orleans, La., will send a free sample. 4-1-17.

BOWEL COMPLAINTS IN INDIA

In a lecture at one of the Des Moines, Iowa, churches, a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder form of bowel complaint that occur in this country. Obtainable everywhere. adv
