

NAZIMOVA

—IN HER GREATEST PRODUCTION—

—IN—

"THE RED LANTERN"

"THE RED LANTERN" gives NAZIMOVA, the Star of Unfathomable depths, a dual role which reveals the tremendous range of her rare artistry. It is a play of deep undercurrents, telling the story of an Eurasian girl—the daughter of two races—who feels the eternal conflict of alien blood forever raging in her soul. It is a theme to wake the pulses of the heart and fill the imagination with the irresistible lure of secret Asia. With a splendor like the day and mystery like the night, the play glows with the gorgeous and varying hues of the Orient.
