No Worms in a Healthy Child All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic on the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.
