NEW RICES MAKE GOOD RECORD

Very favorable reports have just been received by the United States Department of Agriculture from the South regarding the condition of the extensive planting made this spring of Acadia and Fartuna rice new varieties developed by the department at the Crowley Rice Station in Louisiana in cooperation with the Louisiana Agricultural Experiment Station. These two rices are among the best selected from a study of more than 2,000 different kinds at the Crowley station. Their importance is demonstrated in part by the large yields obtained. Last year under field conditions an average yield of 5,155 pounds of rough rice from the fortuna on 35 acres of very old land. Both of these records are excellent and give an indication of the large production which may be expected this year on a much larger acreage, if weather conditions continue favorable. Eventually it is the purpose of the department to make these new varieties of seed available to all growers, through the markets, thereby benefiting them and the industry as a whole.

SPURRED BY EGOTISM

It is amusing to see some fellows continually on the hunt for "something better" in the list of fraternal order, and to hear them say such an order is not particular enough as to the members admitted. This is tin horn aristocracy of the nauseous type. These egotistical mortals in nine cases out of ten do not know, the first principle of fraternity. No man who knocks at the door of a fraternal order, whether that order be the grand old W. O. W. or "something better," is worthy of admittance unless he does so with the sincere motive of being of all the service he can to his fellow-creatures in every way he can. "No man liveth unto himself," therefore unselfish regard for our fellow-man and not the emblem we strut under, is what counts.

A man can be decorated with the emblem of every secret order on earth, but if he hasn't the right kind of feelings for his fellow-man, he is just that many times worse off than if he had never joined.—New Era.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel your strength waning, investigate, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, following a residence a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

NOT THE ONLY ONE

There Are Other Opelousas People Similarly Situated

Can there be any stronger proof offered than the evidence of Opelousas residents? After you have read the following, quietly answer the question.

Jules Ventre, 254 N. Court St., says: "My back tormented me constantly. Every time I made a sudden move, my back twitched and sharp pains shot clear through my body. It was impossible for me to do any heavy lifting and my kidneys didn't act properly. They were weak and I seemed to have no control over them. I didn't have my usual strength and the least exertion tired me out completely. As other members of my family had received such fine results from Doan's Kidney Pills, I got a supply at Littell's Drug Store and began using them. They brought me quick relief and soon effected a cure. Since then, I have always spoken very highly of this remedy to anyone I hear complaining of their kidneys." 60c. at all dealers. GRONNA'S DEFEAT SHOCK TO G. O. P.

MAY MEAN OVERTURNING OF REPUBLICAN MAJORITY IN SENATE

Washington, July 17.—The defeat of Senator A. J. Gronna of North Dakota by E. F. Ladd, president of the North Dakota State College of Agriculture, for the Republican nomination for the senate, has worried the Old Guard G. O. P. leaders here. Dr. Ladd is the Non-Partisan League candidate, and is "boring from within" the Republican organization they think.

The overthrow of Gronna in North Dakota is like that of Representative Volstead in Minnesota, and, in general, the activities of the Non-Partisan League in the northwestern states seem ominous for the Republican party. In Minnesota, Wisconsin, North and South Dakota, Washington, North Idaho the league will draw support from radical elements that have affiliated with the Republican organizations in the past.

May Lose Majority

The loss of Mr. Gronna, unless it can be made up, would deprive the Senate Republicans of their majority and Chairman Will Hays is co-operating with the congressional campaign committee for an intensive campaign for congressional candidates in doubtful states and districts. Fearing the loss of their majorities in congress the Republican leaders are planning a one-man leadership. Mr. Hays will direct all campaigns. Senator New of Indiana will be in charge of the speakers' bureau with headquarters in Chicago, and will keep the spellbinders in the Harding-Coolidge drive working in sympathy with the senate and house campaigns in doubtful districts. Senator McMill McCormick will assist him.

Senator Calder of New York and Senator Frelinghuysen of New Jersey, both members of the senate campaign committee, will be at the New York headquarters.

Members of the congressional campaign committee, of which Representative Fess of Ohio is chairman, will be distributed among the various strategic headquarters to see that the Republican candidates for the House get all possible assistance.

Fight in Many States

Republicans hope to increase their majority in the senate through special attention to Kentucky, California, Idaho, Nevada, Colorado, Arizona, Maryland and South Dakota, in all of which Democrats whose terms expire next March face a hard fight.

The Republicans also express strong confidence as to position in Connecticut, New York, Pennsylvania, Ohio, Indiana, Illinois, Wisconsin, both Dakotas, Kansas, Missouri, Utah, Oregon and Washington.

Republican leaders fear that Senator LaFollette is preparing to quit them for good. His close relations with the Non-Partisan League are worrying Old Guard partisans. With LaFollette out of line the Penrose-Smith leadership of the senate could not be held together against the Democrats unless the next election gives the G. O. P. more margin.

GEORGE CLEMENCEAU RETIRED FROM POLITICS

Paris, July 17.—That Georges Clemenceau, the former Premier has definitely withdrawn from active politics and worries little about criticism levelled at him by enemies of his regime and of the Versailles Treaty, was shown the other day when the correspondent of The Associated Press called on him to obtain his reply to the taunts of his adversaries in the Chamber of Deputies to the effect that he did not know where Mosul (Turkey) was located when he ceded it to Great Britain.

"These professors of geography, who are criticizing me," replied the former Premier, "would be greatly embarrassed if some one should ask them the location of a town of that size in their own circumscriptions."

M. Clemenceau was engaged in the task of putting the finishing touches on the first draft of a novel dealing with Egyptian life, said he was through with politics forever. "My task is finished, I have done my work," he told the correspondent.

MILLIONS LOST IN Spoiled SWEET POTATOES

Millions of dollars worth of sweet potatoes rotted this past season due to a lack of proper storage facilities, according to M. Hull of the Extension Division, Louisiana State University. The potatoes rotted because they were stored in earth banks, put on the ground in small heaps and covered with dirt instead of being stored in properly constructed houses," says Mr. Hull.

Indications are that the output of the current season will be far in excess of previous years. With this in mind the horticultural department has inaugurated a campaign for the erection of a storage house on every farm in Louisiana. Plans and specifications are offered free to every farmer who makes request for same. Personal assistance will be given during the construction of the house and throughout the curing period of the potatoes. More than fifty such houses were erected in the state the past year and without a single exception were attended with splendid success. In a number of instances abandoned tenant houses or other buildings were converted into storage houses. This is to be recommended where such buildings are available as they can usually be remodeled at small expense.

"The storage house, in addition to keeping the potatoes at a minimum of loss from decay, possesses the following advantages: (1) The curing process improves the flavor of the potatoes and makes them more salable. (2) The expense and labor of making the dirt banks each year is done away with. (3) The house can be entered and the potatoes removed during wet or cold weather. This isn't practicable with dirt banks. (4) The house can be used for the storage of other farm produce after the removal of the potatoes."

JACK JOHNSON IS SEIZED BY U. S.

ARRESTED WHEN HE ENTERS FROM MEXICO; MUST SERVE PRISON TERM

San Diego, Cal., July 20.—Jack Johnson, negro, former heavyweight champion pugilist, crossed the international boundary line from Mexico near here and was arrested by a deputy United States marshal. Johnson is under sentence in Chicago for violation of the Mann white slave act. Sheriff John Cline, of Los Angeles Johnson came across the line with county. As he reached United States soil, after an absence of several years, Deputy Sheriff George Cooley, of San Diego county, stepped forward and read a warrant charging Johnson with white slavery. Johnson then got into a machine and was driven to the San Diego county jail.

Must Go to U. S. Prison

Chicago.—Jack Johnson will be turned over to the United States marshal on his arrival in Chicago to be taken immediately to Fort Leavenworth prison, it was declared at the office of District Attorney Charles F. Clyne.

"There is nothing to do with Johnson except to send him to Leavenworth," said James A. Miller, assistant district attorney. "He has been sentenced and the decision was affirmed in the Circuit Court of Appeals."

VOLSTEAD WINS IN ELECTION CONTEST AGAINST PREACHER

Benson, Minn., July 20.—Rev. O. J. Kvale of Benson, is disqualified as the Republican candidate for congress in the seventh Minnesota district, and Congressman A. J. Volstead, author of the prohibition enforcement act is declared to be the "duly nominated candidate." In a decision filed here by District Judge Albert Johnson, who heard the suit contesting Kvale's nomination.

Anti-Gambling Move

Twenty-five Houma ladies, determined that the gambling evil shall be destroyed in Houma, attended the meeting of the Board of Aldermen last Tuesday night and forced the members of that body to pass an anti-gambling ordinance similar to the one recently passed by the police jury. The ordinance was introduced by Mr. Albert Lecompt, with every member voting for it, even Hellier and Cunningham reversing their positions on this question and lining up for the ordinance. Hellier offered an amendment to the ordinance making it unlawful to play cards for money in private homes or in clubs. But no one seconded his motion and it fell of its own weight. But even to this day there are members of the Board of Aldermen who contend that women should not be allowed to vote or take part in politics.—Houma Courier.

The Real Favorite

"If you spend all that money campaigning you can't hope to be a favorite son." "I know it," answered Senator Sorghum. "But as I recall history, a favorite son never had as much genuine attention as a prodigal son."—Washington Star.
