"THE shoes I used to buy were good for just about one season, but this 'Atlantic' shoe, made by Friedman-Shelby in St. Louis, fits better and wears longer than any I have ever tried, and it has real class. This 'Atlantic' shoe is one member of the Friedman-Shelby 'All-Leather' Line—a line made in the twenty-five large specialty factories of the International Shoe Company in St. Louis. The 'Pacific' Shoe for women is of equal character and style and both brands are worn by men and women in every part of the country."

**Try the Friedman-Shelby All-Leather Shoe**  
"Cut open any Friedman-Shelby shoe and you will see that it is made of good leather through and through, in the hidden parts as well as in those exposed to the eye."
