

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Tompkins, 1438 Ross street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

WAS ALMOST DISCOURAGED

Constant Headache and Much Soreness and Pain Nearly Got the Best of This Harrisburg Lady, But Cardui Made Her Well and Strong.

Harrisburg, Ark.—Mrs. J. M. Needham, living near here, states: "When I began working on me I suffered a great deal. I had so much soreness and pain in the lower part of my body I could hardly get up when I was down. I would have severe pains, all across my back, and my sides hurt me all the time. I would have headaches constantly, especially the back of my head and neck. I was almost discouraged with my condition when I thought of Cardui, and decided to see what it would do.

I saw an improvement at once after the first bottle. I kept it up and the result was wonderful. I took altogether four bottles. I grew stronger, better appetite, less pain until I was well. I think Cardui is a God-send to suffering women, and I certainly can praise it, and do so."

For more than 40 years Cardui has been in general use and in that time thousands have written to tell us how it helped them back to health and strength.

New Departures in Skirt Styles

The Modern Order of the Separate Skirt is thoroughly established and flourishing—every woman belongs to it and some of them are devoted to it. Therefore there are separate skirts represented in all classes of apparel—from morning and utility dress to evening finery. Among the newly arrived models those of velvet, velveteen and satin, will make an instant appeal for afternoon wear. In these fabrics, rows of flat buttons covered with the fabric, are featured for decoration and the models are shown in draped skirts, with widened hip effects, in platted designs and with tunics of irregular length. The buttons vary in size.

Girdles on the dressier skirts are usually wide but those of utility models follow the style of street skirts and are narrow. But the utility skirt, like the tailored suit, indulges in little

fanciful elements of design in its makeup, like those appearing in the skirt at the left of the picture. Bone buttons and cloth loops at the bottom of the pockets and a long silk cord and tassel toward the back of the skirt are there because they are there—just to be looked at.

Heavy wool plaids in quiet colors, shepherd checks and crossbars, together with plain cloths, tell the story of the utility skirt so far as materials are concerned.

The model at the right of plain tricotine is a business-like affair in which narrow silk braid and bone buttons are used with effective discretion. Braid appears to have fallen into the hands of master designers this season and has won over many devotees of perfectly plain tailored suits and skirts to its use. The picture tells the story of this skirt in a way to make a description of it altogether unnecessary.

Rival Styles Present Their Claims

Now that the lives of women are filled by so many interests, tailored suits have manifold duties to perform and therefore the demand for the fancier styles has outrun that for severely plain designs. But both kinds present their claims in the season's offerings and both are represented by examples of excellent designing.

Even in the fancier suits, skirts find it expedient to remain quite plain. They efface themselves in favor of the blouse or smock. One is more or less "dressed up," according to the blouse worn, and it may vary all the way from a shirtwaist to an embroidered and beaded dinner or theater garment.

"Fancy" is to be understood as a trade term for the type of suit that is most sought for. These suits are not much trimmed, but they are enriched with embroideries or fur or tucks or braid, all used with originality and restraint. The cloth suit, at the left of the two shown above is a type of

the styles favored, with collar and border of fur. It indulges in a narrow girdle of the cloth, with hanging ends at the back, that are allowed handsome flat-silk tassels as a finish.

The utility suit at the right of the picture depends upon tucks and buttons for its embellishment and is as smart in its way as its dressier rival. It is a sturdy looking affair in which one can face wind and weather, go a-traveling or to business, and will stand much wear and still come up smiling.

Little stuffed balls of silk are allowed to hang pendant on an inch or two of silk thread or narrow braid as trimming on the corners of collars, bell cuffs and sash ends.

Backache only a Symptom

"It Seems as Though my Back Would Break."

This is a common expression among women, yet they toil on day after day heedless of the significance of this distressing symptom.

Backache is often a warning of some inward trouble that requires attention, and which unless relieved will sooner or later declare itself in more serious ailments.

If it is caused by female derangement Lydia E. Pinkham's Vegetable Compound is what you need. It quickly asserts its curative powers in all those peculiar ailments of women.

For more than thirty years this good old fashioned root and herb medicine has been restoring American women to health.

The Splendid Recovery of Mrs. Coventry

Newark, N. J.—"The doctor said I had organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and legs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine, and I tried it with splendid effect. I can now do my housework and my washing. I have recommended your Vegetable Compound and Blood Medicine and three of my friends are taking it to their advantage. You may use my name for a testimonial."—Mrs. THERESA COVENTRY, 75 Burnett St., Newark, N. J.

Mrs. Hunt tells how it helped her—Detroit, Mich.—"I was in a general run-down condition, was very nervous and tired, had backache and other troubles. I suffered for several years, was not able to work at times and tried doctor's medicine with no results. I saw Lydia E. Pinkham's Vegetable Compound advertised, and after taking it a short time I was much better. I am still taking it myself and giving it to my daughter, and am glad to recommend Vegetable Compound at anytime."—Mrs. M. E. Hunt, 171 Davis Ave.
