P. J. McALISTER EQUIPS SHOP FOR MODERN WORK

Mr. P. J. McAlister, one of the most progressive citizens of Vernon Parish, whose place of business in Leesville is well known to every man requiring repair work or blacksmithing work, has recently put in some improved machinery and wants his friends and patrons to know about it. A sizer, planer, rip saw, handsaw, etc., now permit him to repair buggies, wagons and various implements in a thorough and complete manner.

He continues as the leading blacksmith of Leesville, of course. A part vice for which he makes no extra of his horseshoeing work is the treating of foot and hoof diseases, a service, but which adds very much to the value of his work as he is able to improve the usefulness of animals very much.

Withal Mac is a genial sort of fellow who makes friends and holds them. He is generally well liked, and is respected for his good workmanship and mastery of his trade. Those who have difficult work or are particularly desirous of an especially good job are never disappointed when Mac does the work. He will spend all the time necessary to do it right, for he figures that the best advertisement in the world is the work he does.

## BAPTIST WOMEN TO RAISE \$15,000,000

FIFTH OF SUM SOUGHT IN FIVE-YEAR PROGRAM WILL COME FROM THEM.

## ARE DOING A LARGE WORK

Hospitals, Mountain Schools, Good Will Centers and Church Building Funds Maintained by Them in Addition To Regular Gifts.

MISS KATHLEEN MALLORY  
Corresponding Secretary, W. M. U., Baltimore.

Evidencing the larger sphere which women have come to occupy in church life, as well as other activities, when the Baptist 75 Million Campaign was decided upon at the meeting of the Southern Baptist Convention in Atlanta last May, the women, through their regular organization, the Woman's Missionary Union, at once agreed to be responsible for one-fifth of the sum sought, or \$15,000,000. This means that the Baptist women of the South will raise for missions of all kinds, Christian education and benevolences, the sum of \$3,000,000 a year for the next five years, in addition to their contributions to local enterprises and special work.

Through the channels of the Woman's Missionary Union, with headquarters at Baltimore, Md., the Baptist women of the South have since their organization contributed more than \$5,000,000 in cash to various denominational purposes. With the addition of boxes of food and clothing sent to orphanages and other benevolent institutions, the total of their contributions through this channel has reached \$5,710,433.71.

Miss Kathleen Mallory is the corresponding secretary of the Woman's Missionary Union, and in appreciation of the service she has rendered in that connection the Baptist women of Alabama have established the Kathleen Mallory Hospital for Women at Lashow-Fu, Shantung, China, Miss Mallory being a native of Alabama.

Women of many of the other states have also undertaken special enterprises of their own. Those of Georgia, for instance, established the Ayers Hospital for Women at Hwanghaien, China, a girls' school at Kumamoto, Japan, the Catherine Bryan Kindergarten School at Canton, China, and the Mary P. Willingham School for Girls at Blue Ridge, Ga., a school designed especially for the education of girls in the mountainous section of that state.

Many of the other state unions have special projects such as Good Will Centers in the tenement, factory and mining districts, where effort is made to bring more sunshine and enlightenment and love into the homes and lives of needy families, especially those of foreign birth; church building funds, scholarships for young women who want to obtain training for special Christian service, and similar undertakings.

The general W. M. U., representing all the women of the Southern Baptist Convention, owns and operates the Women's Training School at Louisville, Ky., which has already sent out 700 trained women for special service in all parts of the world; and has established the Margaret Fund for the education in the Baptist schools of the South the sons and daughters of missionaries on the foreign fields, and the Fannie E. S. Heck Memorial, a church building fund established in honor of one of the greatest leaders Southern Baptist women have known.

But money for the support of these institutions as well as that for the payment of the women's pledge of \$15,000,000 in the 75 Million Campaign, will be raised by the actual work of the women and through economy and sacrifice. Church fairs, bazaars, suppers, ice cream socials and the like, are frowned upon by the organized Baptist women of the South as unworthy means for raising funds for carrying forward the work of the kingdom of God and their contributions will not come from this source, it is announced.

## BAPTISTS PLAN TO FIGHT BOLSHEVISM

SYSTEM IS RECOMMENDED FOR PREVENTION OF RADICALISM IN THE SOUTH.

## AMERICANIZE FOREIGNERS

Teaching Them English and Ideals of United States and Christianity is Part of Program of 75 Million Campaign.

Southern Baptists have no sympathy for the I. W. W.'s, Bolsheviks and bomb throwers, and while radicals of that type are not numerous in this section of the country as yet, it is the hope of the Baptist 75 Million Campaign to make the spread of such destructive propaganda here impossible by so pervading with the gospel all centers where radicalism might expect to obtain a foothold as to make it impossible for the professional agitators to receive a sympathetic hearing. In other words, it is the hope of the campaign to so extend the work of Americanizing and Christianizing the foreigners living within the territory of the Southern Baptist Convention that they will measure up to the highest standards of patriotism and religion.

There are 4,000,000 persons of foreign birth and children of foreigners living within the territory of the Southern Baptist Convention, and while considerable work has been done already along the line of teaching Americanism and the Christian religion to these people, this work will be greatly enlarged as a result of this campaign.

In the Southwestern states there are 1,000,000 Mexicans, 600,000 living in Texas, 200,000 in New Mexico, 75,000 in Louisiana and a large number in Arkansas, Oklahoma and Missouri. Because of the growing importance of

Make Big Gun by Shrinking Liner.  
In making a 12-inch gun at an eastern arsenal the liner tube, 36 feet long, was finished and rifled before being shrunk into place. Customarily the liner is fine-bored and rifled after the shrinkage operation, and this is declared to be the first time a gun of such large size was ever assembled after the tube was finished.—Popular Mechanics Magazine.

Johannesburg, with a population of 263,274, is the largest and most cosmopolitan city in South Africa.
