New Federal Hunting Laws.

Local hunters would do well to familiarize themselves with the new federal law which is summarized below. The country under this law is divided into two zones. The regulations for this zone are given. It is well to remember also that both state and national closed seasons be observed, whether declared by both or only one authority. The federal law does not nullify the state law, nor does the state law nullify the federal law.

The new regulations are given in the following from the department of agriculture:

The new regulations for the enforcement of the migratory-bird law were approved by the President August 21, 1916 and became effective on and after that date. The schedule printed below shows the open seasons when hunting the birds named is permitted under these regulations. Hunting at other seasons is prohibited. Hunters, however, should consult the state laws, as the federal regulations will not be construed to authorize hunting within a closed period prescribed by the state occurring within the open season under the federal regulations.

Shooting is prohibited between sunset and sunrise in both zones. Insectivorous birds are protected indefinitely in both zones and no open season is allowed. Band tailed pigeon, cranes, wood ducks, swans, curlew, willet, upland plover, and smaller shore birds are protected everywhere until September 1, 1918.

The open season for migratory birds (dates are inclusive) follows.

Waterfowls (except swans and wood ducks) coots, gallinules, and jacksnipe, November 1 to January 31.

Rails (except coots and gallinules) November 1 to January 31; black breasted and golden plover and greater and lesser yellowlegs, November 1 to January 31; jacksnipe, same as waterfowl coots and gallinules, Woodcock; November 1 to December 31.

Topsy Turvy, tonight.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces the swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Belanger Drug Co.

Good Evening; Have you subscribed to **The Morgan City Review** only 40 cents per month delivered. Can you consistently be without your home paper.

Evangeline Theatre

COME AND LAUGH

Lack of Gratitude.

Tuesday night, September 7th, the theatre goers of Morgan City and Berwick are looking forward to a treat in the production of "Topsy Turvy" by Berwick talent at the Evangeline Theatre under the auspices of the Ladies Presbyterian Aid of Morgan City. Music will be furnished by local talent.

Berwick has produced some remarkably strong home talent plays. There is a marked histrionic ability evident in the neighbors across the bay and folks on this side always welcome their plays and entertainments as worth attending. The three act comedy billed for Tuesday night of this week is probably the most laughable home talent play ever offered by local talent. It pictures the side-splitting efforts of a timorous deacon to acquire a bride and develops more humorous situations in a short length of time than many comedies of national fame. The parts are ably taken and the cast includes the following gifted and well known citizens.

Mrs. S. H. Coleman as Topsy Turvy, Miss Thelma Thorgeron as May Golden, Miss Henrietta Brown as Mrs. Clarendon, Miss Ouida Byron as Miss Spriggs, Mr. Dewey Brown as Lord Clarence, Mr. Clayton Coleman as Frank Golden, Mr. Alvin Gashia as Deacon Jones, and Mr. Harold Jacobs as Ned.

Tickets for this performance are being sold by the ladies at the low price of 10 cents and 25 cents. The play is entitled to twice the admission and it is hoped that Morgan City and Berwick will fill to overflowing the Evangeline to witness this comedy.

Check a cough or cold in the lungs before it develops a serious case. **BALLARD'S HOREHOUND SYRUP** is an effective remedy for all soreness or congestion in the lungs or air passages. Price 50c and \$1.00 per bottle. Sold by Belanger Drug Company.

Kindergarten Opens Thursday.

Miss Mizzie, who has just returned from a vacation visit to Opelousas, is preparing for the opening of her private kindergarten school for the coming term. The little folks may get ready by Thursday of this week as that will be the opening date. The Prohaska building on Second Street, just in the rear of the post office will be used by Miss Mizzie as her class room and she is now renovating and making it ready for the instruction of her little pupils.

Yellow complexion, pimples, and disfiguring blemishes on the face or body can be gotten rid of by doctoring the liver which is torpid. **HERBINE** is a powerful liver correctant. It purifies the system, stimulates the vital organs and puts the body in fine, vigorous condition. Price 50c. Sold by Belanger Drug Co.

When you have an aching, stretchy feeling and you are dull tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. **HERBINE** offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Price 50c. Sold by Belanger Drug Co.

Have your rooms for rent, or do you desire boarders? A small advertisement in the **Morgan City Review** will do the stunt for you, try it.

Topsy Turvy, tonight.

Why do we find so many people that are not possessed of that feeling? People today are bent on securing the Almighty dollar and will lay awake at night planning to get ahead of their fellow man in some transaction. The dollar is the uppermost thought in their mind, regardless of what may happen, and that is why the lack of gratitude is apparent among so many. Some people want a community to prosper, but at the other fellow's expense. Some are inclined to grab all they can and give as little as possible. In nine cases out of ten you can see by observation that it is the selfish man and the tight wad who are a stumbling block to any community. Just pause a moment and see if this statement is not correct.

What the world needs today is that feeling of brotherhood of man. Wealth does not always mean happiness—sometimes its the very opposite. Study mankind from the true, Christian spirit and you will view things in a different light. Don't judge society by fine clothes—fine clothes is a great deceiver, and an ounce of pure character is worth a ton of fine clothes and some day people as a whole will learn that an upright man who is possessed of a noble character, tho he were dressed in overalls, is far more beneficial to society than the individual who glides around in finery and whose ambition is to live a life that brings him to hades at an automobile gait.—**Vinton Booster**

Take **HERBINE** for all disturbances in the bowels. It purifies the bowel channels, promotes regular movements and makes you feel bright, vigorous and cheerful. Price 50c. Sold by Belanger Drug Co.

Topsy Turvy, tonight.

Meters and Kilometers. Among other things, the war is educating Americans in the metric system. It is impossible even for the most unobserving or unreflecting citizen to read the war dispatches day after day with their continual mention of campaign gains and losses in terms of meters and kilometers without getting a pretty definite notion of what those terms mean.

Newspapers and news agencies in general still assume public ignorance in this matter and adhere to their established practice of turning metric measurements into yards and miles. But it is doubtful whether this is any longer necessary. Nearly every intelligent reader, regardless of his education, must realize by this time that a meter is a trifle more than a yard, that a kilometer—a thousand meters—is about two-thirds of a mile, and that a square kilometer is about four-ninths of a square mile.

The metric system is used by all the civilized peoples in the world except the Americans and the British. It is the most sensible and convenient system of measurement ever invented. It is bound to become universal some day. The present gain in familiarity with what formerly to most of us merely a puzzling school book exercise without practical application may hasten the day of its adoption in the United States.—**Beaumont Enterprise.**
