**PARLOR BOYS MAKE HIT AT EVANGELINE**

In addition to the regular big Triangle picture at the Evangeline last night, Manager Loeb put on the Parlor Boys Minstrel Vaudeville act and the act was favorably greeted by a large audience. Manager Loeb has induced the quartette of singing, playing and dancing comedians to remain over for another performance and tonight they will again appear at the Evangeline in an entirely new program. The boys are clever and each contributes largely to the success of their turn.

**The Eagle and the Cock.**  
Peking China.—After trimming the feathers and otherwise disguising their mascot eagle, the United States Marines attached to the American legation here recently succeeded in matching their bird of freedom to fight a previously undefeated cock which was the pride of the Chinese sporting element.  
Upon being placed in the pit the eagle went to sleep. The cock, full of pepper, bravely handed his ad-

versary two blows. This was too much for the Marine mascot; he awoke from his dream of the snow-capped Sierras and deliberately pulled the chicken's head off.  
Our sea-soldiers anticipate no further challenge.

**Our Fall Campaign is On**  
Here is information about our candidates

**THE** Hart Schaffner & Marx styles are here for fall. The famous Varsity Fifty Five suits show a more marked waistline; the buttons on the front are placed higher; lapels are a trifle shorter; new ideas in waistcoats.

The belt-back variations of Varsity Fifty Five will interest dressy young men; some of the "belters" are double breasted—smarter features than you ever saw before.

Older men who like conservative clothes are amply provided for; suits show no decided innovations; fabrics dark blues, grays, browns.

This season hard-to-fit men will have a "picnic" our sizes, patterns, and models were never more complete.

"Sheltercoats"—ideal fall utility coats made of light weight material, rainproofed; smart enough for dressy occasions.

The shirts show new and different colorings, splendid values at \$1.00 and up.

Hats—for early fall the new soft shapes are the thing, blues, browns, grays, blacks—\$2.00 and up.

Plenty of striking neckwear in every conceivable shade—60 cents and up.

Now come in and see the clothes themselves. The prices are **LOW**—values, **HIGH**.

**Sixteen Times Around the Earth**

Last year Hart Schaffner & Marx had use for 700,000,000 yards of thread—silk thread, of course.

The figure 700,000,000 is too big to grasp; it sounds better to say 400,000 miles. In other words the silk thread used by the greatest of all clothing manufacturers in one year would make about 70 round trips from New York to Los Angeles, or would extend sixteen times around the world.
