**BERWICK NOTES**

Many of our people attended High Mass in Berwick Sunday.

Mr and Mrs. Jos Laseigne are the proud parents of an 18 pound boy born to them September 9th.

Misses Katie and Ola Bernacho of Pamea were the guests Saturday of Misses Leah Gashia and Vallie Robichaux, having come to attend the dance given by the boys of the younger set.

Miss Alys Sutton, one of the brilliant graduates of the 1916 session of the Morgan City High School leaves today for Baton Rouge where she will become a student of Blackstone at the University. Miss Alys is the daughter of Mrs. Marie Sutton, Vice-President of the Louisiana Berwick Bay & Oyster Co.

Mrs. Alphonse Boudreaux, wife of the efficient cashier of the Berwick Bank and her three children returned yesterday afternoon from Franklin where she had gone to have her small daughter Willia have her tonsils and adenoids removed. Dr. Williams, prominent surgeon of St. Mary parish performed the operation.

**Our Campaign is On**

Information about our candidates

THE Hart Schaffner & Marx styles are here for fall. The famous Varsity Fifty Five show a more marked waistline; the buttons on the front are placed higher; the lapels are a trifle shorter; new ideas in waistcoats.

The sleek variations of Varsity Fifty Five will interest dressy young men; some of the "highers" are double breasted—smarter features than you ever saw before.

Older men who like conservative clothes are amply provided for; suits show no decided innovations; fabrics dark blues, grays, browns.

This season hard-to-fit men will have a "picnic" our sizes, patterns, and models were never more complete.

"Shutter coats"—ideal fall utility coats made of light weight material, resistant to dirt; smart enough for dressy occasions.

The shirts show new and different colorings, splendid values at \$1.00 and up.

Hats for men, all the new soft shapes are the thing, blues, browns, grays, blacks—\$2.00 and up.

Plenty of stylish neckwear in every conceivable shade—60 cents and up.

Now come in and see the clothes themselves. The prices are LOW—very low, HIGH.

**Sixteen Times Around the World**  
Last year Hart Schaffner & Marx had use for 700,000,000 yards of thread—silk thread, of course.  
The figure 700,000,000 is too big to grasp; it sounds better to say 400,000 miles. In other words the silk thread used by the greatest of all clothing manufacturers in one year would make about 70 round trips from New York to Los Angeles, or would extend sixteen times around the world.

Labadieville 6, Uatterson 3  
Up to the eighth inning it was a pitchers battle. The score stood tied, 1 to 1. Ivan, "The Terrible" came to the bat with two men on bases. Bing! A three bagger. Next man up, Powell, Bing! another three bagger and everybody home. Patterson scored two in eighth and ninth. The score stood 6 to 3.

The above is the tale of the baseball game told to one who did not see the game but heard it played this morning in front of the Pad. It was a great game, so the fans say. Automobiles that numbered 283 by actual count were on the grounds. Fans that paid 683 simoleans for entrance composed the spectators excepting a few hundred who came via the barbed wire fence route. It was exciting from the start to the eighth inning when there was some unaccountable balloon ascension. Sentell, the Galveston manager of the Texas league held down short stop for Labadie. Patterson was assisted by Messrs. Riley, Hauser, Stansbury and Walker from the Southern league. The results of yesterday's game settled the argument. It was

well worth the trip that several conchloads of fans made to the Assumption town. The train left here at 10 a. m. and arrived here on its return trip at 8:32.  
Pitchers: Patterson, "Dixie" Walker; for Labadie, "Ivan." Attendance 2000.

LOST—A bunch of keys. Finder pleases return to this office and get reward.

The "Case" automobile of Mr. J. M. Dyer had a narrow escape from being destroyed by fire Sunday about 3:45 p. m., when a back-fire of the engine caused the car to catch fire and but for the prompt response of the fire department to a call from Box 53, the car would likely have been destroyed. The car was being driven by Benny Jones, the colored chauffeur who was returning from Boeuf and was the only occupant of the car. He discovered the blaze and hastily sent in the alarm. The gasoline tank is said to have contained 15 gallons of gasoline which fortunately remained intact.
