No. 11 ..... 10:38 p. m.

The dairy cow requires an ounce or more of salt a day and while she should be given all she needs, she should not be forced to take more than she wants. It is best therefore to give only a small quantity on the feed and place rock salt in boxes in the yard. Farmers' Bulletin.

When you have an aching, stretchy feeling and you are dull tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Price 50c. Sold by Belanger Drug Co.

**BERWICK NOTES.**

Hon. Mayor Watkins has been in Franklin most of the week attending court.

Mrs. Charles Grow and son, Ephesus are spending the week in Lake Charles.

Sunday School will commence at the Catholic church Sunday morning at 9 o'clock. All parents are requested to see that their children attend.

In an issue of a recent date we stated that a girl had been born to Mr. and Mrs. J. Chotin, when they are really the parents of a bouncing baby boy.

Miss Maude McKay, the lovable teacher of the primary department, to the extreme sorrow of her many friends was called to her home in Ruston, La., owing to the serious illness of her father. We wish the steamed gentleman an early recovery.

With the exception of Miss Ellswood who left during the early part of the summer for her home in England, the usual shift of teachers will be present. Although we feel that Miss Ellswood's place can never be filled as she twined her personality so lovingly about those she came in contact with, yet we hope some competent lady will offer to take the vacancy and by little sacrifice assist in instilling the principles of Holy Religion into the minds and hearts of our growing boys and girls.

In an interview with our Mr. Lee, as the school boys say, the popular professor of the grammar school, he stated that he hoped that the parents would find time to more often visit the school and by their presence and cooperation assist in raising it to the highest standard of excellence. We have reason to feel proud of the Berwick pupils who have left the shielding portals of their home town and have gone forth to battle with their environment. In every instance they have manifested their sterling worth of their earlier training that redounded credit to their teachers and parents.

THERE'S one thing about clothes that young men ought to be particular about—

**STYLE**

Not the freakish, faddish ideas you see in some clothes; that isn't style. There's something quite different from that in real style. A stylishly dressed man is one whose clothes fit, and who has an "air" of being well dressed. The "lines" of the garments are right. That's the thing so many young fellows just miss; it's the fault of "cheap" clothes generally.

**Hart Schaffner & Marx**

are style designed; every detail of a coat is carefully planned to give to the wearer the right air; the proper effect.

It's a valuable asset to any young man; it counts for a good deal more in his business success than most young men realize. And the only way to get it is to go where it is, and get clothes that have it.

**Varsity Fifty Five Models**

for young men are designed with the utmost care to all details of correct style
