To The Insuring Public.

The trouble and expenses incurred by the Local Insurance Agents, because of their inability to collect their premiums, and the frequent losses by non-payments has become so much of a tax on their business that they have found it necessary to limit all credit for premiums to 60 days from date of policy. Hereafter, satisfactory settlement must be made within that time, otherwise the policy will be cancelled, for such non-payment.

LOCAL UNDERWRITERS ASSOCIATION ORGANIZED

In order that they may better cooperate with the City Authorities and the Civic League and other bodies seeking to lessen the fire waste of our city, the Local Insurance Agents have formed an association, which they have called "The Morgan City Underwriters Association" of Morgan City. The purpose of the organization is to use its best endeavors to help clean up premises, where boxes, paper and other in-

flamables have been allowed to accumulate, to see that in so far as possible the ordinance regulating the installing of metal flues is observed and especially by a rigid inspection of those now installed see that those dangerous are removed at once.

The metal flues has been the direct, traceable cause of so many fires that many of the strongest insurance companies refuse to insure a building where they are used.

In any case a charge of 25 cents is made for such flues, and in several instances in the city, where there is one metal flue in a range of frame buildings, each of the buildings are penalized 25 cents, making a very large aggregate charge.

The rate for insurance premiums is governed by the amount of the fire losses, and anything tending to lessen such losses will as surely, act to lessen the rate paid by the assured.

The underwriters say that there has also grown up in this city and vicinity another unnecessary expense to business, and that is the long time taken by the assured in which to pay his premium. The agent that must settle his balances monthly or say at 45 days and if he hasn't the money he must go borrow it. This interest charge takes a large share of the agents commission.

The City is already provided with splendid fire fighting facilities and needs only the citizens should be convinced of the importance of thoroughly guarding against any carelessness in leaving inflammable matter exposed, removing all flues and there need be no fear of an extensive fire, such as occurred several times in the past.

When the chest feels on fire and the throat burns, you have indigestion, and you need **HERBINE** to get rid of the disagreeable feeling. It drives out badly digested food, strengthens the stomach and purifies the bowels. Price 50c. Sold by Belanger Drug Co.
