## To the Insuring Public

The trouble and expenses incurred by the Local Insurance Agents, because of their inability to collect their premiums, and the frequent losses by non-payments has become so much of a tax on their business that they have found it necessary to limit all credit for premiums to 60 days from date of policy. Hereafter, satisfactory settlement must be made within that time, otherwise the policy will be cancelled, for such non-payment.

## BIG SERIAL COMING TO NEW THEATRE

In announcing the booking of "Gloria's Romance" for the new theater, Manager Davis believes that he has arranged for the best film attraction for his patrons that money can secure. Billie Burke, the fascinating international star, has been secured as the star of the production, though it took a salary of \$4,000.00 per week to induce the titian-haired Billie to place her name on the dotted line of a contract calling for her appearance in the story. The scenario of "Gloria's Romance" originated in the minds of those famous novelists, Mr. and Mrs. Rupert Hughes, who are known to people everywhere through their successful stories in the Saturday Evening Post, Cosmopolitan Magazine and the Red Book, for nearly everyone has read "What Will People say?" "Clipped Wings" or "The Thirteenth Commandment"—and Mr. Hughes himself has declared that "Gloria's Romance" is the best of them all.

As for the film production of the Hughes tale, it need only be mentioned that the story is being staged at the George Kleine studios, to guarantee its merit, for the public instantly recalls such wonderful attractions as "Quo Vadis?" "The Last Days of Pompeii," "Spartacus" and other equally famous, when the name of George Kleine is mentioned. Never before, in fact, has a motion picture combined to such a degree the best in the way of stars, the best in the way of authors and the best in the way of producers that make "Gloria's Romance" stand out from the ordinary run of photoplay productions. Names like Billie Burke, Mr. and Mrs. Rupert Hughes, and George Kleine stand for all that is supreme in the field of art, literature and motion pictures, and the combination of the three should result in an epoch-making production.

The screen novel will set an absolutely new standard in literary merit of motion picture stories, for it is not to be a blood-and-thunder, slap-dash, knock-down-and-drag-out tale, but a logically developed, carefully plotted, interest-compelling tale of the romance of a young society woman, Miss Burke in her role of Gloria Stafford, the daughter of a New York banker, appears as a useful and vivacious girl, bubbling over with good spirits and cheerfulness and her love for Richard Freneau, a young broker whom she meets while wintering at Palm Beach. A fascinating mystery develops when Freneau suddenly disappears and Gloria sets out to discover what becomes of him. The story opens at fashionable Palm Beach and later scenes are laid in the homes of the wealthy along Riverside Drive, New York. During the production Miss Burke wears a score of especially designed gowns from the studios of Henri Bendel, Lucile and Balcom, and in this respect feminine patrons will find the film a regular fashion bazaar.

Great artists is this year's work in this club.

## WHY ONIONS ARE WHOLESOME

The fact that onions are now being supplied raw to the troops in France may come as a surprise to many people who despise this vegetable. Dieticians say that most people do not realize that the onions is of great value as a food, and that in it are found some of the most valuable and tonic minerals salts in the vegetable kingdom.

Onions are said to be the best known as a cure for insomnia; they also possess such cooling and diuretic properties that they prevent and soothe the pains of rheumatism.

Physicians say that onions are easily digested, stimulate the appetite, and the nourishing. They contain sulphur and other properties which stimulate the activity of the stomach and aid the digestion, and are preventive of human parasites.

## C. A. Johnson Dead

At half past six o'clock this morning, C. A. Johnson, a victim of tuberculosis, died at his home in this city. Death came after a prolonged illness and gradual weakening, although the deceased had for only the past three days been unable to leave his bed. The funeral services take place this afternoon at the residence, Rev. C. C. Weir officiating. Burial will be made in the Morgan City cemetery.

C. A. Johnson was born in New Orleans March 16th, 1874. He came to this city from his birthplace with his parents when he was quite young and the balance of his life was spent here. The deceased had many close friends here and his last hours were soothed by the attention bestowed by some of the most loyal among them.

Decedent was in former years an attache of some of the largest concerns and businesses operated here in the earlier days. In his youth he was an athlete and was always an ardent follower of all outdoor sports. It is said that his health and strength were finally effected by the exposure to which he was subjected in certain positions he held and that his decline has been marked for a number of years. The deceased had but recently been appointed as local Oyster Inspector but his state of health prevented him from taking up the work actively.

C. A. Johnson is survived by his father, Mr. O. B. Johnson, who is the only one left of the immediate family. Other relatives of the deceased are living in this city.
