

THE HOME ADVOCATE.

FARMERVILLE, LOUISIANA

FRIDAY - JUNE 10

RELIGIOUS SERVICES.

Rev. W. H. Hill, of the M. E. Church, South, will preach (d. v.) at the following named churches, on the days hereinafter named, during the year 17.

Rev. S. T. Cobb, will preach (d. v.) in Farmerville on the 1st Sabbath in each month.

TO CORRESPONDENTS—Communications intended for publication should be accompanied by the real as well as the assumed name of the author, not for publication but as an evidence of good faith on the part of the writer.

Attention is directed to the Assessor's Notice, published in this issue.

Mr. J. M. Lee, Jr., his wife and one of their children are on the sick list this week.

See, in this paper, what your neighbors say about Dr. Tichenor's Antiseptic. Try it, and you will say the same.

Master Joseph Mashaw, who has for several months been attending the Deaf and Dumb Institute, at Baton Rouge, reached home last Sunday.

Mr. I. Shuster, our postmaster, returned last Friday from an extended trip to Huntsville, Ala., Memphis, Tenn., and Cincinnati, Ohio.

We learn that Capt. L. Brunner of this place has purchased that most eligible business location, Point Pleasant, on bayou Bartholomew, near Bastrop, La.

Remember that the entertainment to be given by "The Willing Workers" next Tuesday night will yield more fun for the money than anything that ever before took place in Farmerville.

C. M. SHERROUSE, Agent, Ruston, La.: Dear Sir—It is with pleasure that I add mine to the long line of certificates in praise of Dr. Tichenor's Antiseptic as a liniment. After having tried it on my neck for cuts and bruises in several cases, I also tried it in a case of long standing fistula on a very fine mare of mine and it cured her in a very short time. I know of no liniment to equal it, so far as I have tried it. Respectfully, J. S. ROANE, Roane, La., July 3, 1886.

A strange looking individual passed through this place last Tuesday from the northward, whose uncouth appearance, peculiar dress and grotesque actions elicited much curiosity and comment. He was a middle aged man with long beard, and in an almost nude state. He was bare-foot and clad only in an old overcoat and ragged pants. He passed down Main street without halting, constantly pointing upward and muttering an unintelligible jargon. His answer to all questions was to invite his interlocutors to a warmer region than is known to terrestrial mortals. When he reached bayou D'Arbonne he refused to cross at the ferry and, going some distance up the stream, with a vine tied his scanty warlike to two chunks of wood and, attaching them to his body, swam nearly to the top of the bayou.

As to who he is, where he is from and what his mission may be, is left wholly to conjecture. He is probably either insane or is playing a part for an object best known to himself.

Every lady will be interested in the June Number of DEMONSTRATION MONTHLY, as it is an exceedingly interesting one. The steel plate "The Fate of Nydia," is novel and very beautiful, both in execution and design, and the other illustrations are also very fine.

The Fashion Department of this excellent publication is so well edited as to lead many to suppose that it is a Fashion Magazine, but this is a great mistake; for in reality it is a Literary Magazine of the highest order, with all its departments so ably conducted that every member of the family watches with interest for its arrival.

We know of no magazine better deserving to be called a Family Magazine, and it ought to be found in every refined household. That the publisher is a Prohibitionist, tells where it stands on the temperance question. Published by W. JENKINGS DEMONSTRATION, 15 East 14th Street, New York.

Renews Her Youth. Mrs. Phoebe Chesley Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain. Try a bottle, 50c, and \$1. at J. M. Underwood's Drug Store."

A Gift for All. In order to give all a chance to test it, and thus be convinced of its wonderful curative powers, Dr. King's New Discovery for Consumption, Coughs and Colds, will be, for a limited time, given away. This offer is not only liberal, but shows unbounded faith in the merits of this great remedy. All who suffer from Coughs, Colds, Consumption, Asthma, Bronchitis, or any affections of the Throat, Chest, or Lungs, are especially requested to call at J. M. Underwood's Drug Store, and get a Trial Bottle Free, Large Bottle \$1.

Bucklen's Arnica Salve. The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblain, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale J. M. Underwood. Apis ever tried. T. J. HEATH.

FARMERVILLE, LA. June 1st, 1887. I had a horse badly snagged about a month ago. I used Dr. Tichenor's Antiseptic on the wound and was delighted with the result. It healed very fast and without inflaming or suppurating. I think it the best remedy in such cases I ever tried. T. J. HEATH.

A pencil mark at this paragraph indicates that your subscription will expire in two weeks.

Our friends J. M. Smith, R. H. Hays and Rev. W. H. Hill are to be congratulated upon the improved health of their children, who have recently suffered from infantile ailments common to these tender blossoms of humanity.

Mr. R. H. Henry and Rev. A. T. Dacus were in town Monday. We learn from them that the health of the denizens in the southern part of our parish is excellent, and that the recent rains have given a cheering impetus to growing crops; oats, especially, have been much improved.

Are you going to attend the concert next Tuesday night? You should not miss this opportunity of social enjoyment, and then the small expense incurred is to be applied to a worthy cause.

The concert is given under the auspices of the Ladies' auxiliary aid society known as "The Willing Workers," and the net proceeds will be applied toward completing the Methodist church at this place.

Miss Mattie Pickel is teaching a flourishing school in the McCullar neighborhood, near Shiloh. She will soon open a three months term of public school at same place.

Miss Mollie E. Pickel will soon take charge of a school at Oakland, in the vicinity of her old home. The people of the above mentioned localities are truly fortunate in having secured the services of these estimable ladies and experienced teachers.

The session of The Farmerville High school closed last Friday and teachers and pupils will no doubt much enjoy the rest and recreations incident to the Summer vacation.

We congratulate Mr. McFarland and Miss Pickel upon their good taste in dispensing with a public examination at the close of their school, as but little is usually gained by quizzing timid youths in the presence of strangers, when the pupils well know that their every word and look is closely watched and criticised.

The principal and his estimable assistant have given entire satisfaction as educators, and patrons of the school learn with regret that they do not contemplate resuming charge of same. The Advocate congratulates them upon the good work they have accomplished, and trusts they may be equally successful in all their subsequent avocations of life.

Mysterious Jail Delivery. On last Sunday night a negro named Wesley Turner, placed in the Farmerville jail about a month ago under a charge of petit larceny, made good his escape under remarkably mysterious circumstances.

He was safe in the dungeon Sunday night but when the jailer, Mr. Turnage, made his usual visit Monday morning he was surprised to find that the prisoner had disappeared, leaving absolutely nothing to indicate by what means he had escaped. The keys were in their usual place Monday morning, and whether they had been abstracted or the prisoner liberated by the use of false keys, is a question on which there is a difference of opinion.

Mr. Turnage is ever watchful and prompt, and we are quite sure that no blame can attach to him for inattention to duty.

FREE TRADE. The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Fowler's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps, the largest sale of any medicines in the world. The advantages of increased size of the bottle will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottle for 10 cents remain the same size.

NEXT TUESDAY NIGHT. All necessary arrangements having been completed, a concert and theatrical entertainment will be given at Stein's Hall next Tuesday night for the benefit of the Methodist church at this place.

The ladies of Farmerville, God bless them for their earnestness in behalf of every worthy cause, are very apt to succeed in whatever undertaking they engage.

Workers, and with considerable zeal have arranged for an entertainment, that will be a source of both social enjoyment and, we trust, result in raising a handsome fund to be used in furtherance of their laudable efforts.

We are informed that the following named persons have consented to take part in the theatrical entertainment, whose names are alone ample proof that it will be first-class and of more than ordinary interest: Mrs. C. H. Jameson, Miss Lizzie Gachring, Messrs. E. Stern, J. R. Simmons, B. B. Heller, S. B. Wallace, J. A. B. Kabun, W. J. Turnage, W. L. Trimble, H. A. McFarland and R. G. Pleasant.

Music, at proper intervals, will be furnished by the Farmerville Cornet Band. Admission for adults 50 cents; children 25 cents.

If your kidneys are inactive, you will feel and look wretched, even in the most cheerful society, and melancholy on the quietest occasions. Dr. J. H. McLean's Liver and Kidney Balm will set you right again. \$1.00 per bottle.

When you are constipated, with loss of appetite, headache, take one of Dr. J. H. McLean's Little Liver and Kidney Pills. They are pleasant to take and will cure you. 25 cents a vial.

Frequently accidents occur in the household which causes burns, cuts, sprains and bruises; for use in such cases Dr. J. H. McLean's Volcanic Oil Liniment has for many years been the constant favorite family remedy.

FARMERS' TEAMSTERS and all who own horses that labor.

The undersigned is an agent for the sale of the celebrated Clevis-Centre Spring Singletree. By the use of this Singletree the load of the horse or team is constantly balanced, and the continual expansion and contraction of the spring absorbs the shock or jar which the shoulders of the horses would otherwise receive, preventing stiffness of limb, sore shoulders, reluctance in pulling and destruction of harness. The springs are warranted to stand fair usage and give satisfaction, and will be sold for less money than the common singletree, or horse killer, costs.

[This singletree has no connection whatever with what is known as the safety, self-unhitching singletree, now in the hands of agents.] A. J. CALLAWAY, Agent. Marion, La.

FOR MAN AND BEAST! Mexican Mustang Liniment

Relieves Lumbago, Rheumatism, Burns, Scalds, Stings, Bites, Eruptions, Corns, Scalds, Sprains, Strains, Stitches, Stiff Joints, Backache, Galls, Sores, Spavin, Cracks, Contracted Muscles, Eruptions, Hoof Ail, Scrow, Worms, Erysipelas, Saddle Galls, Piles.

THIS GOOD OLD STAND-BY becomes liable for everybody exactly what is claimed for it. Omit the reason for the great popularity of the Mustang Liniment is found in its universal application. Everybody needs such a medicine. The Mustang Liniment needs it in case of accident. The Farmer needs it for general family use. The Hunter needs it for his team and his men. The Mechanic needs it always on his work bench.

The Hunter needs it in case of emergency. The Hunter needs it—can't get along without it. The Farmer needs it in his house, his stable, and his stock yard.

The Steamboat man or the Boatman needs it in liberal supply on deck and ashore. The Fireman needs it—it is his best friend and lifesaver.

The Stock-grower needs it—it will save him thousands of dollars and a world of trouble. The Railroad man needs it and will need it as long as he lives. It is a grand accident and danger.

The Blacksmith needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the plowman. The Merchant needs it when he is plowing. The Merchant needs it when he is plowing. The Merchant needs it when he is plowing.

Keep a Bottle in the House. It is the best of economy. Keep a Bottle in the Factory. Its immediate use in case of accident saves pain and loss of wages. Keep a Bottle Always in the Stable for use when wanted.
