Announcement

For Congress

We are authorized to announce

Jas. B. Aswell

as a candidate for congress in the eighth Congressional District of Louisiana, subject to the Democratic primary election to be held September the 14, 1920.

A party of young people attended the Oakdale dance Friday night.

Political Candidates are very numerous lately. We have a strong set of men from whom to select offices for this judicial district.

S. E. Tobin of Natchitoches called at our office this week. He is the genial representative of the Louisiana State Life Ins. Co.

Work the streets and we will have a rainy spell.

Rub My Tism is a powerful antiseptic; It kills poison caused from infected cuts, cures old sores, tetter, etc

Mrs. J. O. McCrery and children returned from a visit to relatives at Longstreet, La.

The new warehouse at McNary was opened by a dance last night.

The tax register is completed and is open for correction at Alexandria.

Dr. and Mrs. B. F. Bremer were Alexandria visitors on Thursday of last week.

C. C. Shephard of Oakdale was here on business Monday afternoon.

Voters, how are standing for the candidates for congress and U. S. Senate? The campaign is lively in some parts of the State but not very much so here.

Mrs. G. T. Horton and family moved to Shreveport the past week. The community loses a good family by their going away.

Mr. and Mrs. A. H. Golman are back after some weeks stay in Miss. near Brookhaven.

Church services were good the past Sabbath. Let's go next Sunday and help to make them better.

Some of the boy scouts from Camp John Evans near Long Leaf attended service at the Methodist Church Sunday. They are fine young fellows.

Mrs. Mary Barr is not improving very much from her illness.

Miss Edith Johnson was ill last week end but is out now.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by rheumatism, neuralgia, sprains, etc

Daily Thought.
The noblest mind the best contentment has.—Spenser.

The land near Glenmora is being gradually taken up for farm purposes.

Several new houses have been erected and plots of land put to cultivation. Some of these crops are quite good for first year's clearing.

Sweet potatoes and corn seem most plentiful. Mr. Cady is demonstrating on some of his holdings what can be done by thorough cultivation on new land.

He has more than 100 acres of sweet potatoes planted and will erect a large curing plant on this farm.

If more of our citizens were thus public spirited and would encourage farming on a larger scale, the growth and permanency of the community would be assured.

A. G. Pringle is doing well with his farm, as is also Prof. Cox with the school farm.

These men are showing in a helpful way what can be done with this land.

Theory or Fact.

Some men are great on theory. They seem to know more than the ordinary fellow about them. Talk is there long suit, whereas labor will do no more.

Sense and labor combined make the wheels of industry hum, the farms go and the professional man efficient.

Theories are good if practiced in an earnest, practical way. But the man sitting on the street corner talking by the hour accomplishes very little. In fact he hinders more than he helps for the reason that he will keep a busy man from his work to listen to his wisdom.

Give us less theory and more facts. These stay with us. They help us. Living workable facts.

These tried out will advance our usefulness and aid to build our wealth.

666 quickly relieves constipation, loss of appetite and headache due to torpid liver

Mr. and Mrs. J. S. Orr of Cheneyville are at the bedside of Mrs. M. Barr.

Harry and E. M. Pringle, Garway Flandees and Clarence Phillips returned last week from Gulfport, Miss. where they attended summer school.

Mr. Laird of Boyce is here on account of the illness of Mrs. Barr.

Mr. and Mrs. G. F. Powers will occupy the the G. T. Horton house.

Mr. Farmer, do you know the L. S. U. Extension has bulletins to help you with your farm problems?

Are you preparing for the coming school term? Be on hand at the beginning and stay through the entire term.

Making Sure.
Several years ago, at the funeral of a well-known fire insurance official much detested by his staff, it was remarked that an unexpectedly large number of them attended. On one of them being asked for an explanation, he said: "We wouldn't have missed it on any account; we want to be sure that he is buried."

Owen Phillips is back home after a few month's stay in West Texas.

Dr. H. A. Bremer and L. Lisitz were visitors to New Orleans this week.

The E. H. Farmer store is being repaired by a new floor

WHAT THE PARISH AGENTS ARE DOING

WEEKLY REPORTS INDICATE CONSTRUCTIVE WORK BEING DONE.

WORK IS PROGRESSING

Cooperative Purchases Through the Agents Efforts is Saving of Many Dollars to the Farmers.

A. A. Mendoza, St. Landry.—Farmers are highly pleased with the results of their experiences in potato curing and planning to increase the acreage of this crop this season. One man netted \$325 on three acres planted to sweet potatoes.

B. M. Jackson, Ouachita.—Four hundred and eighteen pecan trees were received on a cooperative order recently. A demonstration in putting out trees was held in Monroe. Two cooperative cars of hay were sold.

E. P. Barrios, Lafourche.—More and more tractors are to be found in every section of the parish. Many of the large sugar planters are making daily use of tractors, and smaller farmers are purchasing these machines after seeing their advantages.

V. A. Guldrez, Lafayette.—Cattle purchased recently in Wisconsin have been delivered to their new owners. The First National Bank furnished funds for purchasing some of these cattle, which were sold at cost to farmers in the parish.

J. B. Anthony, Caddo.—The sweet potato storage-house at Shreveport, with a capacity of 25,000 bushels, has not been able to take care of half the demand for curing space. The potatoes put in the house cured out nicely.

The Glenmora Bank and Trust Co. building and H. Meyer's Grand Leader Store was given a new coat of paint recently.

Glenmora's population is 2,293

666 has more imitations than any other Chill and Fever Tonic on the market. They are dangerous things in the medicine line

Legal Qualifications.

It seems that a lawyer is something of a carpenter. He can file a bill, split a hair, chop logic, dovetail an argument, make an entry, get up a case, frame an indictment, impanel a jury, put them in a box, nail a witness, hammer a judge, bore a court, shave a note, "grind an axe," chisel a client, and other like things.
