An Imposition.

The people of Pine have be-
come indignant, Aswell tried to
show the desperate straits to
which the ring has been reduced
and is forcing into service every
man whose nose they have a ring
in. If the people of Louisiana
were not convinced that the ring
has its hands on the schools of
this State when the ward bosses
of New Orleans bucked and gag-
ged the people of that city and
forced upon them a man they did
not want as a successor to the
late lamented Warren Easton,
then certainly this should re-
move every lingering doubt.—
Greensburg Echo.

to be written by some one at
Pine, in the Bogalusa American
of Saturday, November 22, 1911.
The letter pretends to represent
the sentiment of the people at
Pine. The writer, who signs his
name as Mr. Indignant, re-
presents himself to be a citizen
of Pine, all of which we seriously
doubt. One thing we do know
and that is he does not represent
the sentiment of the people of
Pine. We don't accuse the editor
of the American of writing the
article; we don't even accuse him
of having it done but the article
is so far from the truth and such
a misrepresentation of the true
conditions at Pine, that we are
compelled, in justice to the good
people of that neighborhood, to
take notice of same. We do not
know who "Mr. Indignant" is,
but we venture to say he is not a
representative citizen of Pine.
The people of Pine and the
neighborhood about Pine are
solid for "The People's Candi-
date." We have been there and
talked with the good people who
live there and know whereof we
speak. If there are five people
in the entire neighborhood who
are not supporting Dr. Aswell
no one has yet found them.
Facts are facts and when such
a barefaced misrepresentation of
good honorable people, like those
of Pine, is tried to be perpetrated
we feel that it is but the just
dues of those people to have such
an outrage called to time. Who
is "Mr. Indignant?" Where did
he come from? Where does he
live and what does he do? It is
passing strange that this indig-
nation was so long in reaching
the surface. Such political rot
will never win votes. This
parish is beyond redemption as
far as the opponents of Aswell
are concerned. His vote will
tower above that of both his
opponents. This fact is well
known to all who are acquainted
with the situation. We suggest
that the American through its
brilliant correspondent use
different and better tactics if
they are really sincere in trying
to assist Judge Hall.

The Amusing Dailies.

It is amusing to keep up with
the policy and sentiment of some
of our big dailies. The Times-
Democrat for instance said of
Dr. Aswell in 1907: "Mr. Aswell
is a Louisianian of whom our
State has reason to feel proud."
He has inspired the
teachers, particularly the rural
teachers, with more lively
interest in their work. It is
needless to remark that these
things are not accomplished by
men without ability etc. and
yet the Times-Democrat has but
little to say good, at this time, of
Louisiana's greatest benefactor.
The New Orleans Item had
similar praise for him at that
time but is at present doing
everything in its power to belittle
him in the eyes of people. The
Picayune in 1904 did and said
everything it could against Ring
Rule in New Orleans but to-day
it is trying to uphold that which
it denounced in 1904. Sincerity
seems to be without a home
among the trio of newspapers
mentioned.

Bosses Bring Schools into Politics.

The Echo must confess that it
is sadly disappointed and utterly
disgusted at the stand our State
Supt., T. H. Harris, has taken by
drawing the school system of our
State into the cesspool of politics
as soon as he was safely nomi-
nated. We are disappointed be-
cause we had formed a splendid
opinion of Mr. Harris and did
not believe he could be made to
bend the pregnant hinges of the
knee that "thrill might follow
lawing." We are disgusted be-
cause he has put his back on
the ground and has allowed Dr. J.
H. Aswell to do as he pleases
with the schools of this State.

show the desperate straits to
which the ring has been reduced
and is forcing into service every
man whose nose they have a ring
in. If the people of Louisiana
were not convinced that the ring
has its hands on the schools of
this State when the ward bosses
of New Orleans bucked and gag-
ged the people of that city and
forced upon them a man they did

late lamented Warren Easton,
then certainly this should re-

"There was a hot time in the old
town," of Isabel last Wednesday
night when W. A. Fussell, Vice-
president of the Brotherhood of
Timber Workers, made his ad-
dress on the advisability of timber
men forming a labor union. It
seems that some of the authori-
ties in and around the Great
Southern Lumber Co's., logging
camps were not in sympathy with
a meeting of this kind and pro-
ceeded to make their feelings
known, in the mean time the
sympathizers of Fussell armed
themselves and serious trouble
came near being perpetrated.
Fussell spoke there again Satur-
day night, and a special invitation
was sent to the head men of the
Lumber Camps to be present but
none of them came.

Beware of Ointments for Catarrh that Contain Mercury,

As mercury will surely destroy the sense of smell
and completely derange the whole system when
entering it through the mucous surfaces. Such
articles should never be used except on prescrip-
tions from reputable physicians, as the damage they
will do is ten fold to the good you can possibly de-
rive from them. Hall's Catarrh Cure, manufactured
by E. J. Cheney & Co., Toledo, O., contains no mer-
cury, and is taken internally, acting directly upon
the blood and mucous surfaces of the system. In
buying Hall's Catarrh Cure be sure you get the
genuine. It is taken internally, and made in Toledo
