Brief Mention of Local and Personal Happenings of the Week.

FRANKLINTON, LA., JAN. 20, 1915.

"Keep the Town Clean!"

J. E. Sturdivant of Julia, was in town Tuesday.

Mrs. Claudie Bankston, of Mt. Hermon visited town Saturday.

Miss Celia Patton of Mt. Point was a Sunday guest of Miss Floyd Ball.

Mr. and Mrs. J. N. Pierce, of Tylertown were week-end guests of Mrs. Geo. Nelms.

Mrs. Willie Burris of Tyler town, is visiting Mrs. George Nelms.

Hiram Smith of Hackley spent Tuesday here looking after business matters.

D. H. McCreary spent the first of the week in New Orleans looking after business interests.

Willie Carp, who is studying at Soule's College instead of Spencer's came home for the week-end.

Mrs. J. Vol Brock was called to Brookhaven Wednesday, to be with her brother who is very seriously ill.

C. S. E. Babington spent several days in the Crescent City this week combining business and pleasure.

In a match game of basketball played Friday between Tylertown and Franklinton High School, the victory was to the home team.

Wilton Magee who is teaching near Bogalusa, returned home Sunday to attend the marriage of his sister Lela to Mr. E. G. Pierson, of Zona.

The healthiest man and the heartiest eater and the happiest fellow in the community buys his groceries from us. There's a reason, and a mighty good one. He knows—better find out yourself.—S. H. Burris, Inc.

The Teacher's Institute held here Friday and Saturday of last week, has been pronounced the most interesting one of the series held here so far.

Spring shoes just received. All low cuts, latest styles and best quality. Sizes and styles for everybody from babies to old men.

Burris Bros. Ltd.

Two big shipments received by Burris Bros. Ltd., this week are indicative of greater business activities and a far brighter outlook for 1915. One shipment of flour amounting to \$1043, and forty cases of shoes billed at \$1328. This firm knows that the "Hard Times" cry is a thing of the Past.

The Christmas Savings Account established by the Washington Bank and Trust Company seems to be just what the people want, and has proven quite a popular feature of the Bank's business the past two weeks. Up to the present time there have been about 63 subscribers to the fund ranging \$5 to \$96.

You ought to come to this store AT ONCE and see those new shoes for ladies we are showing. High toned and aristocratic in appearance, very comfortable, fit the feet, of lasting quality, and NOT A BIT EXPENSIVE.

S. H. Burris, Inc.

Robert Babington, Ltd., is helping the farmers make ready for a mammoth potato crop this season, having just dispensed one car load of seed potatoes and two cars of fertilizer. It is estimated that 200 acres will be planted in potatoes this spring with a conservative estimate of from 20 to 25 cars produced.

All our two for 4c Post Cards and views, will be closed out at 1c each.

Babington's Drug Store, Inc.

There's a stream of happy women passing through our doors. It's bargain time, you know.

S. H. Burris, Inc.

For Sale—Bay mare, six years old, 1100 pounds weight, safe and sound; will work anywhere.

E. E. Lafferty, M. D., Bogalusa, La.

Of course the fair sex are not gobbler, but when a woman meets a real bargain that bargain is soon gobbled up. And there's a deal of "gobbling" going on at this store now.

S. H. Burris, Inc.

Miss Myrtle Wood was hostess at a delightful entertainment Friday evening given in honor of the visiting Basketball Team from Tylertown. There were twenty-two couples present, interesting games played, music enjoyed and refreshments of fruit punch and cake served.

The heavy rains of the past week have put the river up so high that traffic from the other side has been stopped for three days. McCreary's mill quarters have been partly submerged and the mill unable to operate. At this writing however, the waters are rapidly receding and with no further heavy rains conditions will be normal again by the last of the week.

Prof. J. O. Bethea, head of the Agricultural Department of the F. H. S., and C. S. E. Babington, Jr., one of the interested agricultural students, spent last week in Baton Rouge, attending the short Agricultural course now in session there.

Suptendent D. H. Stringfield, J. D. Sylvest and I. J. Green School Board Members, are attending the association of Parish Superintendents and School Board members in Baton Rouge this week. A telephone message from Superintendent Stringfield reports a splendid meeting with enthusiasm and interest of the attendants unsurpassed. One of the notable features was a rousing address made by Prof. J. W. Bateman; Superintendent of Rural Schools of Natchitoches, which proved wonderfully helpful and received the highest commendation. Washington Parish ought to look for results from this winter term as so many of our farmers and school members are interested.

One Feature of Monday Night's Lecture.

That was a fine lecture that we had at the school house Monday night. I think the best we have had so far as I was able to judge. There was not a word, but carried with it wisdom and mature thought. Had I the space I should be glad to emphasize many things that were said, but I will venture a word on what was said about the importance of better "sanitation." We are a great people but we have not come to see many things to our best interest. We need to get very busy as the springtime comes, and clean-up. Clean-up every place where the deadly fly can germinate and if he should, let us screen our homes and protect ourselves against his deadly work. I trust we will all get busy and clean-up and beautify our town—the best and the dearest ore to us all. Let us have line upon line, precept upon precept, here a little and there a little, till we can't rest till work is done.

J. J. Walker

We want a war correspondent at the front who can get to the front.

Get it—Keep it—and in time you will be rich.

Marriages.

Pearson—Magee.

At the home of the bride's parents, Mr. and Mrs. H. W. Magee, at three o'clock, Sunday Jan. 24th, Mr. Emmett G. Pearson and Miss Lela Magee, were married in the presence of a few friends and the family. Mr. and Mrs. Pearson will reside at Zona, where they will be at the home to their many friends, but we are sorry to give Mrs. Pearson up. She was one of our most devoted and consecrated workers in church and Sunday School. Our prayers and best wishes go with them as an expression of our love which we hope shall never end.

Her Pastor, J. J. Walker.

Bateman—Magee.

At the home of Mr. and Mrs. H. W. Magee on Dec. 23rd, Mr. Ostin Bateman and Miss Lou Magee, were married. Quite a crowd of young people were present. Mr. Bateman is one of our most enterprising young men and we bespeak for him a brilliant career. Miss Lou is one of our teachers in the Sunday School and very useful. Blessings on them thru life.

Their Pastor, J. J. Walker.

On Friday, Jan. 22nd, at the Baptist parsonage, Mr. Claude Simmons of Franklinton, and Miss Bell Bryan of Tylertown, were married, Rev. J. J. Walker officiating.

Thaw in Tombs; Will Spend His All To Be Free.

New York, Jan. 24.—Harry K. Thaw is again in the Tombs. Brought here this morning from Boston, his only the way from New Hampshire, he was locked up in the prison from which he was transferred almost seven years ago to the state asylum for the criminal insane at Matteawan, after his acquittal of the murder of Stanford White on the ground of insanity.

To-morrow it is expected, Thaw will be arraigned to plead to the indictment charging conspiracy, based on his sensational escape from Matteawan seventeen months ago.

When the train drew into the station Thaw greeted the newspaper men generally but refused to discuss his plans. William Travers Jerome, special counsel for the state and Deputy Attorney General Kennedy arrived on the same train.

Thaw and his guard went to a hotel for breakfast, and then the prisoner was taken to the Tombs, where he was assigned a cell on the second tier. Later he attended religious services in the prison chapel.

Efforts by Thaw's counsel to see their client were fruitless. They were told that if they wished to consult with him they must get an order from a supreme court justice. Abel I. Smith, one of Thaw's attorneys, said tonight:

"Even though bail should be fixed for Thaw, it is possible we will make no effort to furnish it. The case has been left entirely in the hands of his attorneys, John B. Stanchfield, M. J. O'Brien and myself. Just what our next step will be we have not decided."

Thaw's mother who is in this city refused to say anything regarding her son's case and Jerome and Kennedy likewise declined to discuss the matter.

Too bad General Sherman is not here to give us a revised definition of war.

Every time the devil thinks of this war it gives him the shivers.

A New York judge says one-half the men in that city beat or choke their wives. Fortunately we have not arisen to that degree of culture in this town.

In looking over the list of honor pupils of the Covington High School, we notice among the First Grade students the name of Master Chas. Babington, while on the Fifth Grade list is little Pearl Grubbs. Both students of Franklinton High School until recently and both doing their part to keep up the high standard set them here.

Nyal's Lightens the Daily Task

Household duties with their accompanying strain and worries are responsible for many of the functional disorders of women.

And even in constant pain and misery but few women take the time to think over the proper course to pursue—most of them dread to do so thinking that the household duties come first.

Wouldn't it be much easier to commence on an efficient treatment—have the functional disorders corrected in a short time—return to normal—than to be in a nervous collapse?

Nyal's

Vegetable Prescription
Acts directly on the functional organs and brings about a regularity.

It acts as a sedative to the nerves and a tonic to the system—its use results in permanent good health.

Let us tell you more about it.
The price is \$1.00 the bottle.
A very fine line of rubber goods, such as hot water bottles, fountains, syringes, etc. now in stock.

There is a great deal of interest being shown in organized truck farming. More than ever before known in Washington Parish.

There is a perceptible move in the direction of stock raising. Our climate, soil and natural advantages, generally, being so suitable for this line of industry there is no reason why it could not be done very profitably. Our farmers will be shipping hogs and cattle, of their own raising, in car load lots.

The boll-weevil storm has passed over and the wreckage is about cleared away. The train of prosperity is just beginning "to speed up." Now is the time to engage your passage.

Now is the time to invest in improved farm properties, and cut-over land before the land goes too high.

The Union Bank in liquidation is in possession of several farm properties and approximately four thousand acres of cut-over land in different parts of the Parish. The Farmers & Merchants Bank Building, the Bank of Franklinton Building, the Peoples Drug Store Building (Doremus property), two ideal business lots, several residence lots and eight improved residence properties.

These properties are being offered at very reasonable prices. The Franklinton properties are all good rent propositions.
