In keeping with the suggestions given by their Domestic Science instructress at the summer normal this summer, Misses Naomi Tisdale and Lucy Wadsworth of Pine Ridge are introducing some features of the science in their school work. They have organized a Domestic Club among the girls, and are teaching some of the simple tho fundamental, and yet sadly neglected art of the home. Regular lessons in crocheting and other needlework are given daily, besides occasional information along other lines of household economics. The club has sixteen members, two of which are boys and several others are interested. So it is evident that the interest does not stop with the girls. Why not have a boy's club to study his peculiar problems etc?

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.
