2nd, Hobson Williams, Bogalusa.
3rd, Willie Poole, Franklinton.
440 Yard Dash Over 62 Inches—1st, Escoe Simmons, Sunny Hill.

National Farm and Live Stock Show, New Orleans, La., Nov. 11th to 19th.
The first Farm and Live Stock Show is to be held in New Orleans for nine days, November 11th to 19th, inclusive.
The management of this splendid enterprise has gone to a great deal of trouble and expense to secure some of the best live stock to be found anywhere in the United States. Both beef and dairy type cattle will be shown that are prize winners. There is also going to be an auction sale of some very fine dairy cattle.
The Era-Leader is very anxious to see the live stock and dairy industry come to the front and urges all the farmers of Washington Parish who can see their way clear to visit the fair for one or two days and look over the live stock department, also the up to date and modern dairy barn at the fair grounds.
On Wednesday, Nov. 15th, Farm and Live Stock Day, the Hon. James Wilson, who was Secretary of the U. S. Department of Agriculture for 12 years, will deliver an address.
The railroads have agreed to put into effect a low round trip rate.
The swine department will be almost a show in itself. The whole state is interested and the display from all over the state will cover the capacity of space provided for. Competition will be keen. There will be show herds from McKee, of Versailles, Ky., and other famous national breeders.
All the finer breeds of cattle will be exhibited. A five-acre demonstration farm and model dairy will be an interesting feature of the fair and will show the resources and possibilities of this land of rare fertility. The poultry department will be the largest and finest show of its kind ever held in the south. Other interesting features will be the Horse show, the Kennel show and the Flower show.
Amusements will be far ahead of any other fair. The management has already contracted for fully \$15,000 worth of amusements. The vaudeville program in itself will be worth much more than the price of admission. For the benefit of music lovers a number of great opera singers have been engaged and these will be accompanied by the celebrated Liberty Concert Band. There will be thrilling day and night loop the loop aviation flights. Prof. Hutchison in one of the most sensational acts ever pulled off, will drop from a bomb at an immense height using 8 or 10 parachutes before reaching the ground. There will be day and night fireworks on a scale such as never seen since the Cotton Centennial Exposition. The midway will be a "great white way" and the organizer assures everybody of a highway of happiness and laughter. Motor races will be the best ever held south.
This is only a small idea of what will be actually there in the way of amusements. New Orleans has the reputation of being the most famous Carnival City in the world and you can rest assured that she will have the goods this time.

General News Items In Brief
By blowing up the great bridge over the Danube at Tchernavoda, the Rumanians checked the threatened pursuit by Von Mackensen's army.
Nineteen persons were believed to have perished in a fire that destroyed St. Elizabeth's Hospital in Farnham, Quebec.
