Some of the plans to be discussed at the "Fair Meeting" on Tuesday, Nov. 14th, is increasing the size of grounds and enclosing by high wall, establishing in the enclosure a base-ball park and athletic field; building a grand stand; also building a modern restaurant to accommodate 500 guests at one sitting.

These and other features will make for the greater success of the fair we want everybody to get interested in.

Franklinton's School Record Highest.

In the regular premium list appearing elsewhere in these columns, two important contests were omitted, that of the chorus, in which Franklinton won first place and Bogalusa second; and the quartette, with Franklinton first and Bogalusa second. This gives Franklinton more than double any other school in the parish in points scored in the literary contests at the fair.

Correction in Date.

The date of the meeting called in the interest of the 1917 Fair has been changed from Monday, November 13th to Tuesday, November 14th at the noon recess of court from 1 to 3 p. m. Every progressive man and woman, make it a point to be on hand at this meeting and help in forming the most successful plans possible for our next Fair.
