Birthday Celebration.

On Wednesday, from 8 to 6 p. m., thirty-six "seven year olds" gathered at the home of Mr. and Mrs. C. C. Simmons to celebrate the seventh birthday of the young daughter of the house, little Adele Simmons.

The little hostess was most happy in the event, a contagion which quickly spread to every little guest and from the time of arrival the games were spirited and lively and the neighborhood resounded to the songs and laughter of the bunch as they made merry on the fresh green lawn.

Mrs. Simmons was assisted by several matrons in directing the games and serving refreshments of ice cream and cake, after which the many appropriate birthday gifts that had been made to the honoree, were put on display and enthusiastically enjoyed by the guests before they left for home.

CIGARETTE
No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

NEW TYPE MAIL BOX

By means of this new type mail box, made without lid or covering of any kind, attached to street cars operating in Washington, between Georgetown and Rockville, letters can be placed in the hands of the postman several hours earlier than by the street box. Letters may be dropped into the top while cars are in motion. The plan is receiving its official test on this line and may later be installed on all interurban cars. The postman is shown receiving the mail at the end of the line.

Wild Turkey Killed.

Dr. J. C. Denman is the popular "Man of the Hour" here, the wildest enthusiasm being manifested when he came in from the hunt Thursday bearing a mammoth wild turkey.

The doctor in company with E. L. Magee and Dr. A. G. Smith has been making a daily early morning excursion for a fortnight past to the fields where they were confident of rounding up a couple or more of the wary birds, and when their patience was finally rewarded with a 19 1/2 pounder, which is an unusual weight for a wild turkey, Dr. Denman being the man to get the lucky shot, is reported to have gone as wild as the turkey and to have remained thoroughly irresponsible for the remainder of the day.

Mr. and Mrs. E. L. Magee were appointed host and hostess and a wonderful six o'clock dinner was served at their home on Friday when Dr. and Mrs. Denman and children, Dr. and Mrs. Smith and Mrs. J. Vol Brock with the Magee family enjoyed the delicious turkey with all the frills that usually accompany a feast on the royal bird. It was really a delectable dish and we personally rejoiced in the success of the lucky hunters.

Special Sunday School Programs.

Children's Day was observed with a beautiful program at the Methodist church Sunday and special offering of more than \$100.00 to the orphanage at Ruston.

The Baptist Sunday School also gave a special program and the offering was given to Home and Foreign Missions.

Boston Folk Get Fur From Trapper

Eliminating the profits of the middlemen, furriers, commission merchants, etc., a Vermont trapper has made a decided hit with Boston folk by selling his furs to the public direct. Arriving in Boston with 49 red fox skins, he disposed of them so quickly, on the streets and in offices, that he promised to bring in his next catch. The furs were bought by stenographers, business men and others at \$14 a skin.
