The Love Letters of a Confederate General

WE begin in the November issue a series of real love-letters written over fifty years ago by one of our national heroes to his sweetheart during the period of the Civil War. This great general will go down to posterity as having accomplished one of the most brilliant feats of arms in the history of the world. He was as great a lover as he was a general, therefore these letters combine authentic history and exquisite romance. They sound a human note that no other work of literature has done in a decade. It is romance, it is history, it is literature. You simply can't afford to miss this wonderful series—an inside story of the Civil War now published for the first time and containing all the freshness of a contemporary happening. These letters will grip you hard, and hold your interest from first to last. Fill out the coupon and send it now before you forget it.
