"One of the best reasons why I would not be without telephone service," writes a Georgia farmer, "is the pleasure it gives my wife and the knowledge that while I am away, she has the protection that the telephone gives."

On the farm the telephone dispels loneliness and is the means of bringing help in any emergency that may arise.

If you haven't a telephone on your farm see the nearest Bell Telephone Manager or write for our free booklet and learn how little this service costs.

## Visit Our Store Often

You're More Than Welcome

Make our store your headquarters when you are in town.

Don't think of the store as merely a place where you can make purchases. Of course, we are in business to sell goods but we think that we would be taking a mighty narrow view of life if that was our sole aim.

Come in as often as you like. Sometimes you may have to wait a half an hour and are at a loss to know where to pass the time. Feel perfectly free to drop into our store.

Buy or not just as you like. "You're as welcome as the flowers in May."

## THE BARGAIN STORE

## His Position Explained.

One of the curiosities of the British house of commons, very rarely seen, was the Drax, for many years member for Dorsetshire borough. Once, at a general election, on the day previous to the nomination, he put out the following address to his constituents: "Electors of Wareham! I understand that some evil-disposed person has been circulating a report that I wish my tenants, and other persons dependent upon me, to vote according to their conscience. This is a dastardly lie, calculated to injure me. I have no wish of the sort. I wish, and I intend, that these persons shall vote for me."

## Tolerably Well.

The last pig-tail has disappeared from the Chinese embassy in London. It belonged to the major-domo of the Chinese ambassador, and it is now on its way to China as a present to that functionary's wife. A story is going the rounds that at an official reception recently a member of the Chinese embassy was presented to a well known lady.

"We no talkes Chinee velly well," she said.

"Never mind, your ladyship," was the smooth reply, "I can converse tolerably well in English!"

## Kodol for Indigestion.

## ROYAL Baking Powder

## The Best Medicine In The World.

"My little girl had dysentery very bad. I thought the world of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I can truthfully say that I think it is the best medicine in the world," writes Mrs. William Orvis, Clar, Mich. For sale by all dealers.

## The South Wins.

The South has carried off the prizes in Congress. The chairmanships of the leading committees of the Senate and of the House have gone to members from the South.

Why not? This is a Democratic administration, and the South has been the anchor and the hope of the Democratic party ever since the close of the war between the States.

More than this, the South has given to the nation some of its greatest Presidents, its ablest statesmen, its deepest thinkers.

No part of the country is richer in natural resources than what we call "The South." The greatest future development of the nation in a material way, will be in the Southern States. We predict also that the greatest industrial growth of the country will be in the South.

Its cotton mills, iron foundries, colliers and lumber and sugar mills are established on a basis that twenty years ago would have been thought to be almost impossible.

For more than twenty-five years the advantages to our great export trade offered by the ports on the Gulf and on the South Atlantic were loudly proclaimed and went unheeded, but today the tide of exports is running toward the South and establishing its superb harbors as commercial centers of the first rank.—Leslie's.

## Surprising Cure of Stomach Trouble.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stenge, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken only three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.
