The visit of St. Paul's Chapel Car to Natchitoches recently created a great deal of interest among our people who crowded it throughout its short stay, while it waited for Father Juddeman of Campiti who was temporarily in charge for its tour in Louisiana. This car that was built for missionary work exclusively in the South and was dedicated in New Orleans in February, is 86 feet in length and has one quarter inch over buffers with a spacious observation platform at each end and its exterior construction is entirely of steel with a copper roof, the interior being finished in mahogany. The St. Paul is one of three such cars operated by the Catholic Extension Society of the United States to take the consolation of their religion to catholics scattered where no churches exist and to develop the missionary spirit in the clergy and people.
