Name.....

Why this man bought a Remington Junior Typewriter

"I have been investigating several of the recent makes of machines, seeking for one of simple construction for ordinary manuscript and letter writing. I was nearly ready to buy a machine of another make when I just happened to see for the first time the Remington Junior, and found it to be the very thing I wanted."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior. But his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is strictly a high-grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

A "Simplified Remington" describes it exactly.

And its price is \$50.00

Remington Junior Typewriters will be sent "on examination," without obligation to purchase.

Easy payment terms can be arranged if desired.
