There was a run on the bank in Storkland during the week end that kept the head officials with their long, over-worked legs, hopping from one end of town to the other. These wonderful old birds who have been hovering over Natchitoches mightily this fall, flapped their wings over the home of Mr. and Mrs. A. Sheppard on Saturday morning and left a beautiful little girl; on Sunday they left a boy with Mr. and Mrs. Orlando Harkins and changed their route a little while to leave a girl with Mr. and Mrs. Lovd Porter who were in New Iberia, on the same day, then they made time back to Natchitoches and brought a bouncing boy to Mr. and Mrs. N. Dunckelman—Vienne.

A very quiet ceremony was solemnized at the Catholic Church in Campiti on Saturday evening when Mrs. Meia Vienne was married to Mr. Walter Dunckelman in the presence of only the immediate family and witnesses. After the ceremony, the happy pair returned to Natchitoches and received the congratulations of their friends to which The Enterprise extends the wish for a happy and successful future.

Deitrich—Keene.

A marriage took place in New Orleans yesterday morning that will be learned with interest by the friends of the bride, Mrs. L. M. Keene who will be recalled as the trained nurse who served at the Normal for a number of years. It was the sequel of a pretty romance, as the bride and groom were sweethearts in their early youth, fate drifted them apart but now after years of stress, in the full tide of life they have been reunited.

Mr. Deitrich is a retired lumber king and he has taken his wife into a handsome new home with everything that money and love can provide and where they will live happy ever afterwards.

The building fever is fast spreading into an epidemic in one infected district in Natchitoches, but it is one epidemic for which no measures will be taken to control, in fact it is hoped that re-infection or inoculation of the germ will occur.

The pretty home on Jefferson Street being built by Mr. Leon Davis is almost ready for occupancy, while the one modern story and a half cottage erected by Mr. Charles Green on Cypress Ave. is about completed and the second house, the duplicate of this building, is already under good headway.

The frame work of a pretty modern home being built by Mr. and Mrs. Olin Hicks, right opposite Touline Street, in East Natchitoches, is beginning to assume attractive proportions while another building in the South end of town is going up in a hurry.

A special took nine crowded car loads of Natchitochians to Shreveport Saturday leaving here promptly at six thirty a. m. making the trip on schedule time without any mishaps or delays and reached the fair city just a little before ten o'clock. There were representatives from practically every family in town and between 450 and 500 normal students and nearly the whole faculty.

The day was spent very pleasantly going thru the many excellent exhibits, the heat of the mid-summer weather was intense but quite a bit of disappointment was felt because no provision was made for the entertainment in the way of races, aeroplane ascensions, fire works etc. in fact the visitors took their own amusements with them in the way of foot ball players and then had to go to the additional expense of \$1.00, 50c. admission and 50c. for a seat, to see the games played by the teams provided by the Normal, Industrial and L. S. U. and Arkansas schools.

The return trip started on schedule time 7:30 and again was made very comfortably without a single accident to mar the pleasure of the day and home was reached about 10:45.

Lyceum Numbers for this Year.

Owing to a change in the routing of the Zoellner String Quartette, they will not be able to appear at the Normal on November 26, as advertised. Instead on that date, Madame Dorothea North a Soprano soloist of unusual power and brilliancy, will give a song recital. Madame North is entering upon her fourth successful season of concert and oratorio work in this country. She received most of her training in Paris and Berlin under the great voice teachers of France and Germany. Her debut in Berlin was an unusual success for an American artist.

Gifted with a rich voice of unusual range and searching sweetness, and a charming, magnetic personality, she never fails to please her audiences. Her recitals are always something to treasure in the memory of musical experiences.

The Zoellner String Quartette will be heard here in February. In the same month will appear the Fuller Sisters, interpreters of English folk songs, while in January the L. S. U. Male Quartette will probably appear. In December Harold A. Loring, the well-known interpreter of Indian songs, is ascheduled for a recital. Of course the Ben Greet Players will return to Natchitoches in May to duplicate their success of last season. It is quite probably that others will be added to this list.

8th Congressional District Medical Association.

There were twenty physicians in attendance at the meeting held by the physicians of this congressional district on Thursday of last week when they went into a formal organization for the mutual interest of the members of that profession. DEAR WALTER:
Accept my sincere appreciation for the interest you took in our visit to your town the other day. We were all charmed with our stay, and I must admit, your town is far ahead of what I have been lead to believe it was. The Doctors all stated after our departure that it was one of our best gatherings, and we are all looking forward to our return to the town with pleasure.

With best regards
Yours,
E. S. MATTHEWS, M. D.

The Youth's Companion Calendar For 1916.

The publishers of The Youth's Companion will, as always at this season, presents to every subscriber whose subscription is paid for 1916, a Calendar for the new year. It is a gem of calendar-making. The decorative mounting is rich, but the main purpose has been to produce a calendar that is useful, and that purpose has been achieved.

The regular meeting of the Natchitoches Parish Equal Suffrage Club was held at the Comus Monday night with twenty four members and a number of visitors, among whom were several prominent gentlemen who are interested in the cause.

The business was quickly disposed of after the appointment of a campaign committee that will arrange to tour the parish to stimulate interest, excellent and helpful suggestions being given by some of the gentleman present (by special request) then a trio was sweetly sung by Misses Ada, Judith and Miriam Carver who responded to repeated calls, for an encore, with "Votes for Women" the original composition of Mrs. Mrs. M. H. Carver, the very clever wording of which, is full of local hits. Then the president introduced the speaker of the evening, Mr. M. H. Carver who after congratulating the ladies upon their organization and encouraging them to stimulate interest in others, he made an excellent address upon Single Tax making clear many points by illustrations, and his intelligent handling of his subject held the absorbed interest of his hearers throughout his all too short address.

Oh! Girls Look!

FRANCIS X. BUSHMAN IS COMING TO NATCHITOCCHES.

Francis X. Bushman, exalted sovereign of the screen, and sweetheart of every pretty girl in America will pay the A-Muz-U Theatre a visit on Friday, Nov. 12th, in Graustark.

Graustark is the most popular book ever written, and has been made into a great photo-drama by the popular Essanay players. The play is teeming with beautiful scenes through the entire six acts and is the kind of story that will make one's blood run hot.

Few photoplays of the magnitude of Graustark are seen in cities the size of Natchitoches as the price is prohibitive, but Managers Levy and Suddath of the A-Muz-U, are sparing no expense to give their patrons the best.

The New York Morning Telegram says: Graustark is greater in pictures than it ever was on the speaking stage. The acting of Beverly Bayne and Francis X. Bushman is all-inspiring. See it without fail.
