Good citizenship is good business.

The best of prices on our job work, consistent with good stock and good workmanship.

The holiest and most solemn part of the whole six penitential weeks will be ushered in by Palm Sunday April 1st and Holy week will end the lenten season with Easter April 8th.

If dame rumor can be relied upon and there is full reason to believe that she can, there will be two Easter brides, while the month of roses, will have four to her credit.

In response to the request for recruits, three or four applied to the representative who was sent here for the purpose last week, but whether or not they were accepted or were in earnest about wanting to accept if eligible, it has been impossible to find out.

The number of flags on buildings, cars and bicycles has been materially increased since our last issue.

The Enterprise is read in practically every home in this and surrounding parishes, so if you want your business well advertised where you will get the best results, put your ad in this paper.

Two modern cottages on the slope of Badin's hill at the northern entrance of town are assuming attractive proportions and will add materially to the appearance of the neighborhood.

Preparations for the May Day celebration at the Normal are already under good headway and the folk dancing part of the program promises to excel anything of the kind ever given before in North Louisiana.

The first base-ball game of the season was played on the Normal campus, Monday afternoon between Louisiana College and the Normal team, when our boys beat by a score of 3 to 0, and Tuesday matters were reversed the visitors beating 6 to 4.

All din-like that portion of Natchitoches on the west of the T. & P. crossing, seems to be springing up, within the past very few months. The mill recently acquired by Mr. Johnson has been enlarged and many of the latest improvements put in; rows of cottages built in the vicinity and a big commissary, several other houses along the Jefferson Highway route, besides a couple of stores.

The north and northeast sides of the pretty D. W. Breazeale home on Touline street are being remodeled, the two balconies being replaced by big bay windows and a solid wall of masonry being substituted for the lattice work. This is not only of the most attractive homes in beautiful surroundings, but about the best kept grounds in Natchitoches, the garage, stables, lawns and backyard always attracting attention not only from strangers but from every passerby, by reason of their perfectly condition.

The good old fashion March wind that blew all Monday afternoon, quickened its pace about dusk and began a game of hide and seek with all the other elements and it was a rough and tumble one at which thunder, lightning, rain and wind all fought for mastery for nearly three hours during which hail also tried to get into the game, but was ousted after a short round, not however before giving a few heavy blows. And a cold wave followed in its wake this lasting until this writing Wednesday noon.

The beautiful Johnson home on Badin's hill is rapidly nearing completion and because of its handsome and modern style of architecture with all of the latest and most convenient devices for comfort as well as appearance, and its setting on this wooded hill in a park of many acres, with a view of all the surrounding country, children's playground, garage, lawns, stables and other outbuildings, it bids fair to be the show house for all this section of the State. And, well it might, as it is an estate that would attract attention amid surroundings of its own kind in any section of the Union.

Mr. N. L. Bird, whose dairy stood the rigid personal inspection of the president of the State Board of Health and was passed upon most favorably, announces that he will begin on Sunday, April 1st, delivering in his milk truck at a reduction of .08 per gallon from the price that has prevailed during the winter. Mr. Bird wishes to thank his friends for their liberal patronage and trusts that as he has merited it throughout the years, that they will continue to give it and that he promises to continue giving the best and most sanitary handled milk, cream and butter that can be handled by any first-class dairy. Delivery will be made morning and evening.

NOTICE FOR BID

The City is ready to contract for the hauling of slabs from W. F. Johnson Lib. Co. to the Water and Light Plant.

W. E. AYOND, Supt.

Miss Suzette Unter entertained The Cinderellas very delightfully on Wednesday afternoon when music enlivened the hours while some of the nimble fingers busily plied the needles. But all discussed together the delicious luncheon of chicken salad and iced tea, and homemade candies, enjoyed by the members and guests who were Misses Bernstoff of New Orleans, L'herisson of Shreveport, Robertshaw of Missouri, Lucas, Glover, Harzrove and Mmes. Brook and Durand.

Miss Louise Trimble

Those old friends who still hold her in kindly remembrance will learn with sorrow of the death of Miss Louise Trimble, on Monday, in New York. During the years that she was a member of the Normal faculty, she affiliated and made herself a part of the town by taking an active interest in every local affair possible, and always kept in touch with Natchitoches and her people, after going to New York, by constant correspondence and keeping open house for those who visited the home of her adoption.

The remains will be brought back to Farmerville where Miss Trimble was born and reared for interment and the memory of this brilliant and lovable woman, one of many intellectual attainments whose loyalty to homefolks was a marked trait of her fine character, will ever be held sacred.

A system of good roads would be worth more to this country than a new railroad. When capitalists project new railways thru territories they usually get the communities to give the rights of way and to subscribe to the capital stock. A system of good roads requires no rights of way and no subscription to capital stock, says the Bienville Democrat. A good plan of getting good roads is to build them and keep them in order. That is the only way. A road won't grow better with use unless attended to and this country's highways need attention.

The man who is always ready to help those in need, whether the individual or the community, is a community asset.

While the public in general is interested in knowing how Whit P. Martin, Congressman from the Third District will stand on the Speakership question next week, Louisiana is especially so, and the information given out by Percy Saint of Franklin, District Attorney and former Progressive member of the House from that district is very reassuring, as he announces that Mr. Martin's constituents expect him to vote for Champ Clark. Mr. Saint thinks that the hour for partisanship is past. In an international crisis like this, the president is entitled to have as a speaker, a man who is entirely in sympathy with his administration and Mr. Saint is confident that the Progressives of the Third District are unitedly behind President Wilson.

Baptist Training School

For the Baptists of Natchitoches and their friends and for those of the surrounding country there will be held a Training School in the Auditorium of the First Baptist Church beginning Sunday and continuing daily through Friday evening. The school will be under the immediate management of Rev. R. L. Powers, Field Secretary for the Sunday school work of Louisiana Baptists. Mr. Powell will speak at the Cane River Baptist Church Saturday evening, at the First Baptist church, here Sunday morning at 11, and again in the afternoon at a general mass meeting at 3:30, and at the Second Baptist Church Sunday evening.

Monday morning the class work will begin at 9 o'clock. Mr. Powell will teach the "New Normal Manual" and this pastor will have a class in "Winning to Christ". At 10:45 each morning save Monday, and at 7:45 each evening through Friday, Dr. Dood, pastor of the First Baptist Church of Shreveport will deliver inspirational lectures. Dr. Dood is a platform artist and christian statesman and the people of Natchitoches are fortunate in having the privilege of hearing him in a series of addresses. While the school is planned especially for the training of the workers of the Baptist churches, the sessions of the classes and the lectures of Dr. Dood are free to the public in general. The Baptists of Natchitoches extend a cordial invitation to other churches in the Association to be their guests during the Training School, and a cordial invitation is extended those of all denominations or of none, to enjoy the feast of good things with us.

DANA TERRY, Pastor of First Baptist Church

"Time Flies" and "Time Is Money"

So the saying goes. Although you can stop the hands of a watch from going 'round--time will go on just the same. But you can put your hand on your pocketbook and effectually check the flight of the inclined-to-elope coins. And furthermore, you can firmly grasp these would-be deserters to your financial cause--and safely imprison them in this bank.
