## Can a Man Afford to Lose?

NOT UNLESS HE HAS INCREASED HIS INSURANCE IN ACCORDANCE WITH THE TIMES.

Every body is being urged to take more fire insurance. The fire companies are sending work to manufacturers, merchants, and householders that they are insurable. Do not increase the insurance on their property and stocks for the reason that stock, material, replacements, and so on, all cost much more than they ever did before. We have many times pointed out that disability insurance bears the same relation to the individual that fire insurance bears to property. It is expensive nowadays. Long periods of disability are positively common. Accident and sickness insurance needs to be increased by from 50 to 100 per cent. In fact, only a very small percentage of the insuring public has ever had any disability protection. A vast number have never had any at all. It is the duty of every man to take care of all kind of insurance. Call us.
