Can a Man Afford to Lose?

NOT UNLESS HE HAS INCREASED HIS INSURANCE IN ACCORDANCE WITH THE TIMES.

Everybody is being urged to take more fire insurance. The fire companies are sending word to manufacturers, merchants, and householders that they are finding it hard to do business because of the increase in fire rates and the fact that stock, material, replacements, and so on, all cost much more than they ever did before.

We have many times pointed out that disability insurance bears the same relation to the individual that fire insurance bears to property. Living is expensive nowadays. Long periods of disability are positively ruinous. Accident and health insurance needs to be increased by from 50 to 100 per cent.

It is a fact that the insuring public has never been so well served as it is today. The Natchitoches Enterprise has never had any more successful insurance agencies than we have.

When in the market for that automobile you are going to buy, read the following and allow us to demonstrate that every word of it is true.

THE COLUMBIA

Is an exceptionally well built, finely finished car, composed of standard units, each one made by a parts specialist, who is an acknowledged leader in his field. No one will question this for a moment after seeing the specification which is given below.

1. Timkins Front and Rear Axles
2. Continental Red Seal Motors
3. Harrison Radiators, Thermostatic Control of Shutters
4. Spicer Universal Joints
5. Borg and Beck Clutch
6. Detroit Steel Product Company's Springs
7. Gemmer Steering Gear
8. Atwater-Kent Ignition Willard Storage Battery
9. Stromberg Carburetor
10. Painting and Trimming by American Auto-Trimming Company, Panasote Top

In appearance it has a happy combination of the ultra modern look, that makes people stop and give it the second glance, yet without the freakishness that soon becomes tiresome. The bevelled edge lines of the sport model simply compel attention and admiration.
