### THREE PRESIDENTS

### ASK AID FOR CHINA

Harding, Wilson and Taft Appeal to Americans to Help Stricken Millions of Sister Republic.

The President and two ex-Presidents of the United States have joined, for the first time in the history of the country, in an appeal for a philanthropic enterprise. President Harding, ex-President Wilson and ex-President Taft are all in the forefront of the movement to send aid from America to the famine victims of China.

One of President Harding's first official acts after his inauguration, taken when he had been in the White House less than two weeks, was to renew the appeal made by his predecessor in behalf of America's sister republic in the East. President Harding said in part: "At this, the earliest practicable moment in my administration, I desire to add my own to the many appeals which have been issued heretofore in behalf of the starving people of a large section of China."

"The picture of China's distress is so tragic that I am moved, therefore, to renew the appeal heretofore made and to express the hope that the American people will continue to contribute to this humanitarian cause as generously as they possibly can."

In appointing the American committee for China Famine Fund, with his own immediate predecessor in the White House, ex-President Taft, as one of the members, and Thomas W. Lamont of New York, as chairman, President Wilson said in his proclamation:

"Not only in the name of humanity, but in that of the friendliness which we feel for a great people in distress, I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distant but appealing cry for help."

### LIFE SAVING STAMPS

### HELP FAMINE VICTIMS

Each "Money" Sticker Purchased for Three Cents Provides Food for One Day for a Chinese.

Sales of "Life Saving Stamps" by the American Committee for China Famine Fund for the benefit of China famine victims have reached a total of thousands of dollars at the end of the first month, and already the money is actually saving lives in China. Orders during the first month aggregated more than 10,000,000 stamps, which will mean—at the rate of 3 cents for each stamp—\$300,000 for the Chinese when the complete returns have been made. The stamps are intended to secure a multitude of small contributions from persons who will not have an opportunity to contribute in other ways. The campaign for China is the greatest single philanthropic effort now before the American people.

Every state in the Union is now co-operating in the life saving stamp sales, and special committees are at work in more than 2,000 cities throughout the country. The circulation of the stamps is being effected by sales organizations composed of officers of the Woman's Foreign Missionary Societies, assisted by commercial organizations, schools, churches, Boy and Girl Scout Camps, Y. M. and Y. W. Christian Associations, fraternal lodges, hotel associations, boards of education and other volunteer interested in the movement to extend a helping hand to a sister republic in distress.

House to house canvassing for the sale of the stamps—which are intended to be placed on the backs of letters and packages—has proved the most effective method in the smaller communities. In the big cities the stamps have been sold to business houses, which are using them on their outgoing mail and packages. A nominal quota of ten stamps for every adult has been set by the committee, but in many centers this already has been passed. If unable to obtain stamps through a local committee write China Famine Fund Committee, Bible House, New York.

### BUY CHINA LIFE SAVING STAMPS

If each person buys ten stamps at a cost of 30 cents, this community will go over its stamp quota. Stamps can be secured from the local China Famine Fund Committee or directly from China Famine Fund, Bible House, New York City.
