The Final Result
Results are what count. Why does 90 per cent of the film finishing go to Church's Studio? There's a reason. Figure it out.

St. Mary's Commencement
While the graduates of St. Mary's Academy received their diplomas at the Cathedral Sunday night right after services, and this was considered the commencement proper, and was very impressive when the fair young maids received their diplomas at the altar rails from Vicar General Piquey in the presence of an immense crowd, a very interesting program was given in the auditorium of St. Mary's Friday night, when essays were read by all seven graduates, interspersed with music, and the Commercial and Palmer graduates were presented with diplomas and certificates.

Miss Alice McClung, the fair young daughter of Mr. and Mrs. E. L. McClung, won the highest honors, having made a perfect record, not only in her senior year, but since she first started school, while Miss Ivy Miller, the brilliant young daughter of Mr. and Mrs. Aio Miller, ran a close second, and was the other honor student.

The Enterprise extends congratulations to all the young graduates and their proud parents.

A fire alarm started all Natchitoches Monday night about nine o'clock, when the Sutton house in the lower end of town, occupied by Mr. and Mrs. S. E. Clark, was entirely destroyed. Some of the family was at home seated on the gallery when Mrs. Clark returned from a neighbor's and noticed smoke and went into the house and upon opening a closet door, found that the attic was in full blaze, and the alarm was given, immediately responded to and a splendid work done by everybody, the house was too far gone, the

most of its contents were saved. Whether a defective flue or wire caused the fire, it is impossible to say, but both the house, which was the property of Mr. J. C. Sutton, and furniture were insured.

Careful finish as to details. Helpful hints to amateurs. You will be pleased if you come here. Radiant reflect of personality. Cunning photos of little tots. Handsome modish suitable framing of pictures.
