The Ford Coupe

HERE is one of the most useful of all closed cars. Specifically so when not more than two or three are to be accommodated with reliable car service. The Ford Coupe is a mighty cosy car, in that it is absolutely water-tight, at the same time with its sliding plate glass windows you can have an open car, to all intents and purposes, in a couple of minutes. So it doesn't make any difference what the weather may be, rain or shine, summer or winter, in the Ford Coupe you have an enclosed car of comfort and service. What more do you want?

It has proven particularly a valuable car for traveling salesmen, physicians, engineers, architects, and others who have much out-of-door work all the year around. We have never been able to fully meet all demands for the Ford Coupe, but with the increased producing capacities of the factory we are now able to make reasonably prompt deliveries. Yet we urge you to leave your order with as little delay as possible—our allotment is limited.
