RESOLUTIONS OF RESPECT

Whereas, in the death of Hon. T. E. Poleman, mayor, occurred the most lamented tragedy that has ever affected our people as a whole,

Be it resolved, that this community has not only lost one of the best and most ideal municipal officials who ever presided over its public affairs, but a man of probity and high ideals, who had always at heart the best interests of his people; who devoted every effort to make Natchitoches not only clean and sanitary but a city beautiful and one of practical ideals. That the C. W. L. feels it has lost one of its best and most interested friends who not only co-operated officially but was an inspiration to the organization.

Therefore be it resolved, that the League will try to carry out as a fitting memorial the late lamented Mayor's plans for the uplift of the community;

And be it further resolved, that the C. W. L. deploras his death as a public official, private citizen and friend and hereby tenders its sincerest sympathy to the bereaved family and citizenship of Natchitoches;

Be it also resolved, that a copy of these resolutions be inscribed upon the books of The League, a copy be sent the family and to the press.
